Subject: FW: Invitation to training session: DASH! - ebrary webinar

Hello,

Here is the access information for the DASH! ebrary webinar session scheduled on Monday, February 22 at 11am PST.

Please share the access information with any of your colleagues who may wish to attend the session.

In order to join the session, please reference the access information in the email thread below. You will need to click on the URL link provided and input your name and email address, input the password 'Training11' and then follow the prompts on your screen from that point going forward. You may wish to join the session about 10 minutes prior to the actual start time to ensure that loading the WebEx software on your end goes smoothly.

Also, the session would work best if you not only join the WebEx but also dial in via telephone to the session or voice connect through VoIP (if you are connecting via telephone you will be prompted to input the session number which is 574 354 815).

If you anticipate a group of attendees on your end and are dialing in via telephone it would be helpful to have speakerphone capability to facilitate questions and feedback.

I'm looking forward to connecting online with you next week!

If you have any questions, please contact me!

Paul
