Good afternoon all,

Last week I had ask Steve to take a close look at the NetLibrary database and put together a short training session for all, identifying strengths and weakness and giving us all a solid orientation to this electronic delivery system. He has put together a short 1/2 session and I would like for us to get together as a group on this Wednesday at 1:30pm to hear his spiel. We can do this in the RIL. I hope we can all get together but if someone needs to miss this, Steve will give you a one on one.

Best Regards,
Bill

I have been studying the traits and dispositions of the "lower animals" (so called) and contrasting them with the traits and dispositions of man. I find the result humiliating to me. ~Mark Twain, Letters from the Earth, 1907.
