The RESULTS SECTION is to be filled out at the end of the planning year.

In your discussion of measurable outcomes for this plan, describe to what extent each anticipated outcome was achieved (completely, partly, or not at all).

Results for Measureable Outcome 1	Mark Politowicz's office is working on schedule.
Results for Measureable Outcome 2	Lori Bronder's office has surveyed faculty and addresses training needs.
Results for Measureable Outcome 3	In every possible venue, I have encouraged a refresh schedule for AT equipment.

USE OF RESULTS

Indicate which parts of the plan (if any) will be carried into the next cycle and how the results of this plan have changed planning for the next cycle in your unit or other college units.

Nothing will be carried to next cycle. All of these needs are being addressed by District offices. Training faculty is well handled by L. Bronder's office. AT is still struggling to establish a refresh plan. The need has been expressed to Alan Francis, Mark Politowicz, the IT Strategic Planning Committee, and Dean Reiner.
