---------------	-----------	-------------	---

Planning Context

Strategic Plan Goal	2. Improve institutional effectiveness and efficiency
Problematic Assessment Measures	N/A
Problem	Maximize district-wide library resources by allocating collection levels and subject areas to each LR based on strengths of curriculum needs per campus

Measures of Plan Success

- 1 Collection needs based on curriculum will be established
- 2 A plan for resource allocation will be developed
- 3

Assessments of Plan Success

- 1 curricula for three campuses indicates diversity of course offerings does not merit reallocation of resources; electronic forms and borrowing negates objective
- 2 Librarians will not duplicate titles unless required for reference use or other immediate access by users
- 3

Use of Results For Improvement

Review of library literature indicates this resource allocation model is outdated; next day courier service to campuses through electronic borrowing now negates need for resource allocation based on curriculum
