Report Number: L010

Report Name: Vendor Statistics - College Searches

Frequency: Monthly, Annually

Description: Counts the number of database searches for each college.
                     Databases that are part of a statewide agreement are noted with
                     the superscript "SW." Subtotals are reported for both searches in
                     databases with statewide agreements and "other" databases for
                     each vendor. Cumulative totals of both statewide and other
                     searches are provided when appropriate. Contains totals for each
                     month for each vendor. COUNTER Statistics are used whenever
                     they are available. Database searches counted include CQ Press,
                     EBSCO, Facts.Com, Gale, Grove, JSTOR, Newsbank, Proquest,
                     Wilson and others. (See report for complete list.)

Sort: Vendor, Statewide DBs, Other DBs

Report Purpose: Use in conjunction with locally collected data from local database
                     purchases to answer questions about searches (number of
                     searches in databases or services) which appear on surveys of
                     the Association of College and Research Libraries (ACRL) and the
                     National Center for Education Statistics (NCES) Academic Library
                     Survey (ALS), and accreditation by the Southern Association of
                     Colleges and Schools (SACS).
