Stevo and Bill,

I entered the survey into Qualtrics and printed a copy and added some feedback (attached). Here is the link of the survey so you can view it live: https://edisonstate.co1.qualtrics.com/SE/?SID=SV_bpBrTaUgacTCldf

I added you both as collaborators on the survey in Qualtrics so you can view the survey and make changes to it. Please note: I did not make any changes based on the email conversations that occurred yesterday.

Let me know how I can be of any assistance to finalize the survey before the survey is sent out.
