Hi Jane, Cindy, Steven and Edith

Again, thank you so much for allowing me the opportunity to present the new OvidSP features and give you a sneak peak at some of our new content.

To recap our discussion:

- 1) I have attached additional information on the new Multimedia feature on OvidSP
- 2) I have asked tech support to enable Multimedia at your site. This should be available by Monday.
- 3) I checked with our product manager regarding your query on "Mango" and if it is compatible with the Ovid content. Here is the response I received - ***I am excited to share that the LWW journal content is now searchable on two of the Discovery platforms – ProQuest's Summon 2.0 and Ex Libris' Primo/Primo Central.***
- 4) Your current LWW Nursing Journal Collection (Ovid Nursing Full-Text Plus) now has 3 new nursing journals. Please see attached list.
- 5) I am researching the cost to upgrade your existing Nursing Journal Collection to our larger collection of 71 titles – LWW Nursing & Health Prof Premier Collection. I have attached a title list for this collection as well.
- 6) In separate emails I will send over information on our book collections, JBI and Natural Standard.

Please let me know if I can be of any further assistance. And, my sincere thank you for your support of Ovid and me. Have a great weekend.

Regards,

**Diane M. Campagnes**
