

# **BIRT - Behavioral Intervention & Recommendation Team**

## **What is BIRT?**

The Behavioral Intervention & Recommendation Team (BIRT) is a collaborative interdisciplinary committee of district college officials.

BIRT is intended to meet two distinct objectives. First, the BIRT enhances institutional awareness of potential threats to campus safety. Second, the BIRT can provide students, faculty and staff with opportunities to assess and manage problematic behavior before this behavior becomes a formal violation of the Student Code of Conduct.

BIRT encourages faculty, staff, and students to report behavioral issues that represent disruptions that may affect the learning environment.

## **Role of the Behavior Intervention and Recommendation Team (BIRT)**

### **Responding to Threats of Self-Harm/Suicide**

#### **Threatening Behaviors**

#### **Disruptive Behaviors**

#### **Troubling Behaviors**

#### **Behaviors of Concern**
