

Collection Management Report

WEEDING PROJECT UPDATE

July was a busy month for weeding at the Rush Library. The librarians made it almost through the M's. The clever circulation staff moved the discarded books just outside the library doors and we soon saw them fly off the carts. As the project moves forward using the non circulated items list, remember that things can always be replaced. Hopefully, with a smaller more browseable up to date collection, our circulation statistics will go up.

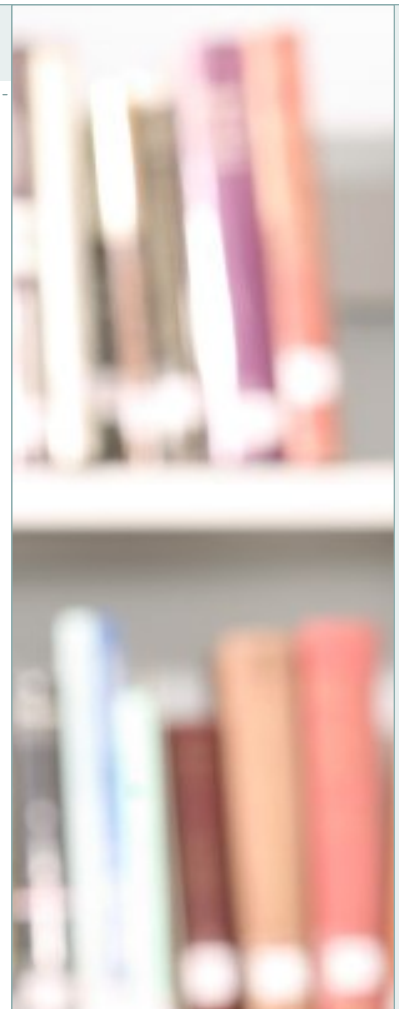

COLLECTION DEVELOPMENT

Rush librarians ordered 60 new titles from Ingram Couatts in the month of July. You will find a list of new titles attached to this email.

Suggested areas for Collection Development*:

- Gun Control (print collection a little old)
 - Bi Polar Disorder
 - Equality and Women
- Technology and the Classroom (weeded a lot of outdated books on this topic)

* suggestions gathered from the reference desk transaction sheets and weeding
