

Collection Management Report

WEEDING PROJECT UPDATE

Despite the busy reference desk and the multitude of Research Instruction sessions during the last month, we have almost made it through the entire collection. Now that we have a leaner and most importantly up to date collection, we need to turn an eye to developing our collection in a meaningful way. The work we're currently doing on matching the collection to program offerings through our collection mapping project, should allow us to identify holes in the collection and order titles to better support the degrees and certificates offered at the college.

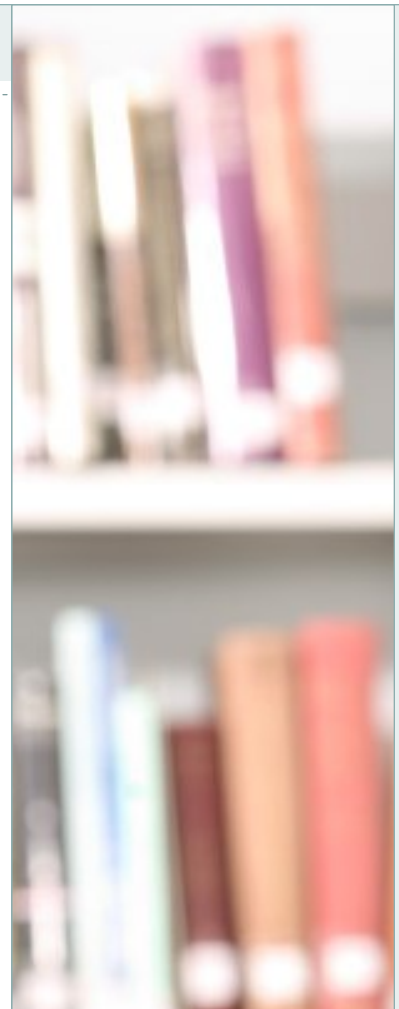

COLLECTION DEVELOPMENT

Rush librarians ordered 66 new titles from Ingram Couatts in the month of September. You will find a list of new titles attached to this email.

Suggested areas for Collection Development*:

- Special Education
- Art Therapy
- Transgender Youth
- Personality Development
- Colonialism/Imperialism in Africa

* suggestions gathered from the reference desk transaction
