<b>QUORUM</b>	Yes

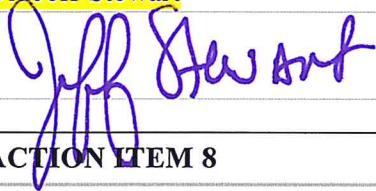

<b>ACTION ITEM 1</b>	Change of Course, <i>HUM 2930 Great Human Questions</i>	
<b>PRESENTER</b>	Dr. Russell Swanson	
<b>NOTES</b>		
The School of Arts, Humanities, and Social Sciences proposes a change to the course description for <i>HUM 2930 Great Human Questions</i> . The change broadens the course description to allow for team-teaching by instructors from multiple disciplines.		
<b>ACCEPTED WITH MINOR CORRECTIONS</b>	<b>EFFECTIVE TERM</b>	
Add course outline update. Received and completed by M. Fanslau 3/15/16	Fall 2016	
<b>PROVOST/VPAA SIGNATURE</b>	<b>APPROVE OR DENY</b>	
Dr. Jeff Stewart 		

<b>ACTION ITEM 2</b>	New Course, <i>ESC 1000C Introduction to Earth Science</i>	
<b>PRESENTER</b>	Dr. Jonathan McKenzie	
<b>NOTES</b>		
The School of Pure and Applied Sciences proposes a new 3 credit hour course, <i>ESC 1000C Introduction to Earth Science</i> . Since this course is one of the state designated general education core courses in the natural sciences, offering it will increase the options for students at FSW to fulfill their general education requirements in the physical sciences and provides an opportunity for students at FSW to better understand their role on the planet. In addition, the course may be used by Education majors to fulfill their Earth Science requirement.		
<b>ACCEPTED WITH MINOR CORRECTIONS</b>	<b>EFFECTIVE TERM</b>	
Add same prerequisites as other science courses. Completed by M. Fanslau 3/15/16	Fall 2016	
<b>COMMITTEE MEMBER COMMENTS</b>		
Will there be prerequisites? Yes

Dr. Jeff Stewart 		

<b>ACTION ITEM 3</b>	New Course, <i>EGN 2312 Engineering Mechanics – Statics (with Vectors)</i>	
<b>PRESENTER</b>	Dr. Elizabeth Schott	
<b>NOTES</b>		
The School of Pure and Applied Sciences proposes a new 3 credit hour course, <i>EGN 2312 Engineering Mechanics – Statics (with Vectors)</i> . The course broadens the options for elective STEM courses offered at FSW and provides a wider variety of courses to help prepare students to be successful in follow-on engineering coursework including the Engineering Option track of the new Science and Engineering Technology, A.S. degree.		
<b>ACCEPTED</b>	<b>EFFECTIVE TERM</b>	
	Fall 2016	
<b>COMMITTEE MEMBER COMMENTS</b>		
Will faculty need an engineering degree? Yes		
<b>PROVOST/VPAA SIGNATURE</b>	<b>APPROVE OR DENY</b>

<b>ACTION ITEM 5</b>	New Certificate, <i>Scientific Workplace Preparation</i>	
<b>PRESENTER</b>	Dr. Jonathan McKenzie	
<b>NOTES</b>		
The School of Pure and Applied Sciences proposes a new certificate, <i>Scientific Workplace Preparation</i> . The certificate will benefit a student who wishes to enter a career as a laboratory technician – an occupation showing need over the next 6 years as supported by Workforce Region 24 data. In addition, coursework in the certificate lays the groundwork for a transition to the Science and Engineering Technology A.S. degree.		
<b>ACCEPTED</b>	<b>EFFECTIVE TERM</b>

<b>PROVOST/VPAA SIGNATURE</b>	<b>APPROVE OR DENY</b>	
Dr. Jeff Stewart		
		
<b>ACTION ITEM 6</b>	New Program, <i>AS Science and Engineering Technology</i>	
<b>PRESENTER</b>	Dr. Elizabeth Schott	
<b>NOTES</b>		
The School of Pure and Applied Sciences proposes a new <i>A.S., Science and Engineering Technology</i> program. The degree will benefit both students who wish to enter a career as a laboratory technician as well as those who plan to transfer to a four-year school to complete their bachelor's degree, especially those who decide upon a STEM career after obtaining a degree. A need for graduates with scientific laboratory skills over the next 6 years is supported by Workforce Region 24 data. Effective date is Fall, 2016. [Supporting documents: Engineering Option: 19 Credits – EGN 2312 Engineering Analysis – Statics. 3 Credits]		
<b>ACCEPTED WITH MINOR CORRECTIONS</b>	<b>EFFECTIVE TERM</b>	
Minor correction to catalog page to change statistics to statics. Corrected on catalog page by M. Fanslau 3/15/16	Fall 2016

<b>ACTION ITEM 7</b>	Discontinuation of courses, <i>HFT 1050, HFT 2410, and HFT 2501</i>	
<b>PRESENTER</b>	David Hoffman	
<b>NOTES</b>		
The School of Business and Technology proposes the discontinuation of <i>HFT 1050 Tourism and the Hospitality Industry, HFT 2410 Front Office Procedure, and HFT 2501 Hospitality Sales Promotion</i> . All <i>HFT</i> prefix courses are electives only and are not part of the core of any School of Business and Technology programs. These 3 courses have not been offered for some time and do not transfer to FGCU's Hospitality program.		
<b>ACCEPTED</b>	<b>EFFECTIVE TERM</b>	
	Fall 2016	
<b>COMMITTEE MEMBER COMMENTS</b>		
Will the courses count in future degree audits? They are open electives and will still count. The other HFT courses will stay in the course inventory.

<b>ACTION ITEM 40</b>	Change of Course, <i>RET 4445 Cardiopulmonary Diagnostics</i>	
<b>PRESENTER</b>	Dr. Jeff Elsberry	
<b>NOTES</b>	The School of Health Professions proposes a change in the course description to <i>RET 4445 Cardiopulmonary Diagnostics</i> . The new description – <i>Advanced invasive and non-invasive Cardiac and Pulmonary diagnostic procedures to include but not be limited to: cardiac catheterization, electrophysiology, echocardiography, stress testing, pulmonary studies and sleep disorders, explored in depth to enhance the knowledge of Respiratory Care professionals. Cardiovascular professionals will have the option to extend their expertise through advanced study of cardiac catheterization lab procedures, intravascular interventions, and related chemical and mechanical devices for Cardiopulmonary intervention.</i> There are currently two courses ( <i>RET 4445</i> and <i>RET 4285</i> ) that overlap with specialized content. Combining these topics in one bifurcated course will enable the enhancement of foundational knowledge for both disciplines who articulate into this <i>AS to BS</i> major: <i>Cardiovascular Technology and Respiratory Care</i> .	
<b>ACCEPTED WITH MINOR CORRECTIONS</b>	<b>EFFECTIVE TERM</b>	
Dr. Elsberry will send Michelle updates to course outline. Received and updated by M. Fanslau 3/15/16.	Fall 2016

<b>ACTION ITEM 42</b>	Change of Course, <i>RET 4933 Selected Topics in Cardiopulmonary Sciences</i>	
<b>PRESENTER</b>	Dr. Jeff Elsberry	
<b>NOTES</b>		
The School of Health Professions proposes a change in the prerequisite and course description to <i>RET 4933 Selected Topics in Cardiopulmonary Sciences</i> . The prerequisite changes from <i>Admission to the CPS program</i> to <i>Permission of the Department</i> . The new description – <i>This course is designed to provide a capstone experience where students will analyze and present a specific contemporary problem(s) in one of four advanced career opportunities: Higher Education, Industry Research, Healthcare Management, or Graduate Medical Education</i> . The course description and prerequisite changes are to clarify that this course will provide a capstone experience for the most common career goals associated with the cardiopulmonary science major.

<b>ACTION ITEM 43</b>	Change of Program, <i>BAS Cardiopulmonary Sciences</i>
<b>PRESENTER</b>	Dr. Jeff Elsberry
<b>NOTES</b>	
The School of Health Professions proposes a change to the <i>BAS, Cardiopulmonary Sciences</i> program. The proposed change is from <i>BAS, Cardiopulmonary Sciences</i> to <i>AS to BS Cardiopulmonary Sciences</i> . Changes would affect prerequisites, language in General Education requirements, Program Specific Core requirements, Upper Division Elective requirements, and a change from <i>BAS</i> to <i>BS</i> . Changing the degree from <i>BAS</i> to <i>BS</i> would align the FSW degree with others offered in the state of Florida.

<b>ACTION ITEM 44</b>	Change of Program, <i>AS Nursing</i>
<b>PRESENTER</b>	Gayle Wetzel
<b>NOTES</b>	
The School of Health Professions proposes a change to the <i>AS, Nursing</i> program. The required entrance exam has changed from the HESI to the TEAS test, the required math will change from <i>Any General Education Math to STA 2023 Statistical Methods I</i> to align with the common course requirement for the <i>RN to BSN</i> degree, the required <i>Anatomy and Physiology I and II</i> will now include either <i>BSC 1085C or BSC 1093C and BSC 1086C or BSC 1094C</i> , respectively. There are also a number of new courses being added to and removed from the program <i>Core</i> requirements. The faculty and nursing administrators have unanimously agreed to convert from a Systems-based to a Concept-based curriculum. The statewide articulation of LPN credits will be adjusted accordingly, waiving 10 of the 14 Program Specific credits if a current LPN license has been issued within three years prior to their enrollment in the Nursing program. The LPN and Entry level students will complete the same Nursing/NUR core Concept-based curriculum (42 credits). The 4 Phases of the admissions process have been described as well as the Academic Policy and Progression criteria in the supporting documents. Changes to the math requirement will be effective with the October, 2016 application cycle for Spring 2017 program start to allow students in the pipeline ample time to meet the new <i>Math Requirement</i> .

<b>COMMITTEE MEMBER COMMENTS</b>	
Andrae expressed concerns with advising with all of the changes. Are there any plans to communicate these changes to people in the pipeline? The committee is requesting communication be sent to students in the pipeline. Students who apply now will be required to meet the mathematics requirement in effect Fall 2016. There was a question about the LPN being in program specific area.

<b>ACTION ITEM 45</b>	Change of Course, <i>SLS 1310 Nursing Peer Enrichment</i>	
<b>PRESENTER</b>	Gayle Wetzel	
<b>NOTES</b>		
<p>The School of Health Professions proposes a change to <i>SLS 1310 Nursing Peer Enrichment Program I, SLS 1311 Nursing Peer Enrichment Program II, HAS 1100 Orientation to Healthcare</i> and 1000 &amp; 2000 level courses with a prefix of <i>CVT, DEH, DES, EMS, FFP, HIM, NUR, RTE, and RET</i>. The change would remove the <i>AS</i> designation. The proposed change will allow courses taken in the School of Health Professions programs to serve as <i>Electives</i> for the <i>AA</i> and <i>Baccalaureate</i> degrees and comply with transferability and articulation of the <i>AS</i> degree credits per <i>State Rule 6A-14.030(3) version 3/25/13</i>. The proposed change was vetted by the FSW Academic Standards Committee in a meeting held on February 6, 2015. Effective date is Fall, 2016.</p>

<b>COMMITTEE MEMBER COMMENTS</b>		
<p>There were questions about allowing AS courses in the AA program. Andrae raised a concern about workforce focused courses. Dr. Collins asked Dr. DeLuca to summarize discussions from the Academic Standards Committee. That committee shared standards with Dr. Collins and Dr. Elsberry to be used as a guide for deciding if courses should have the distinction removed to include level of academic rigor, and credential of faculty teaching courses. Dr. Collins said that she and faculty reviewed these criteria and supported removing the AS distinction from all courses. Dr. DeLuca noted that some courses could have a notation added that they should not count towards AA elective credit. Dr. Collins said she and her faculty did not support this for any SoHP courses.</p>

<b>INFORMATION ITEM 47</b>	Change of Course, <i>LIT 2383 Women's Studies in Literature</i>
<b>PRESENTER</b>	Provost/VPAA Information Item
<b>NOTES</b>	
The Statewide Course Numbering System (SCNS) has approved LIT 2383 Women's Studies in Literature as LIT 2380 Introduction to Women in Literature.	

<b>INFORMATION ITEM 48</b>	Change of Course, <i>FRE 2910 Undergraduate Research</i>
<b>PRESENTER</b>	Provost/VPAA Information Item
<b>NOTES</b>	
In April, 2010, the Curriculum Committee reviewed and the VPAA approved the creation of an undergraduate research course. The course was approved with a variable prefix so multiple disciplines could use the course for students who wished to complete undergraduate research: <i>XXX 2910 Undergraduate Research</i> . Christie Logan, Curriculum and Catalog Systems Officer, recently submitted a newly requested course, <i>FRE 2910</i> to the Statewide Course Numbering System (SCNS). The SCNS approved the course but as <i>FRT 2912</i> . In response to the actions of the SCNS, Dr. Stewart is approving the course, <i>FRT 2912</i> , to be added to the FSW course inventory immediately.	

<b>ACTION ITEM 49</b>	Change of Program, <i>BS Middle Grades Language Arts Education</i>	
<b>PRESENTER</b>	Dr. Anne Angstrom	
<b>NOTES</b>		
The School of Education proposes a change to the <i>BS, Middle Grades Language Arts Education</i> program. The change is to the Core requirements from <i>EDM 3230 Middle &amp; Secondary Curriculum and Instruction</i> to <i>EDM 3230 Middle &amp; Secondary Curriculum and Instruction OR EDG 3620 Curriculum and Instruction</i> . Reasons for the change are (1) low enrollment in other middle and secondary education programs; and (2) the in-progress revision of <i>EDG 3620</i> to include content and instructional strategies relevant to both elementary and secondary teachers.

<b>COMMITTEE BUSINESS 50</b>	
<b>PRESENTER</b>	Don Ransford, Chair
<b>NOTES</b>	
<p>The School of Health Professions would like to once again ensure that all interested parties are aware of the changes from focuses in multiple programs (Cardiovascular Technology, Dental Hygiene, Nursing, Physical Therapist Assistant, Radiologic Technology, Respiratory Care, and Social and Behavioral and Human Services) to the Associate in Arts Meta-Majors in accordance with State Rule 6A-14.065. These programs have now added language to the catalog describing the Associates in Arts (AA) for Health Sciences for the purpose of advising students in appropriate course selections after deciding on a meta-major academic pathway.</p>	
<b>COMMITTEE MEMBER COMMENTS</b>	
<p>The Curriculum Chair believes that this needs to be discussed outside of the curriculum committee and should include Dr. Stewart, Dr. Collins, Andrae Jones, and Garnett Salmon. <i>Dr. DeLuca</i></p>
