Section III, Justification for proposal

Provide justification (below) for each change on this proposed curriculum action.
This course is scheduled for deletion from the catalog due to 5-year inactivity. The faculty would like to retain this class as a suitable elective for the AS Business Administration and Management degree, particularly given the focus on international education. International Education is currently working with at least one foreign institution where there would be integration with one or more AS degree in a business discipline and potentially also the SMAN degree. Since this process is well underway and since this course is potentially valuable to the effort to expand international education, the faculty feel it is appropriate to retain the course in inventory at the present time. If scheduling the course is key to its retention, it could be added to the schedule for the summer or fall terms, as it is a suitable elective.
