

Curriculum Committee

Change of Program or Certificate Proposal

Note required information: Program or certificate changes require a change to the catalog page. All change of program or certificate proposals must include the new catalog page, with all proposed changes, at the end of this document. All changes that affect the courses, words, numbers, symbols, program description, admissions requirements, and graduation requirements must be documented. Note before completing this proposal that all new courses and current prerequisite, co-requisite, core, or elective courses changes must have already been reviewed (or submitted for the same meeting) by the Curriculum Committee and approved by the Provost. The Track Changes feature in Word must be used to illustrate all changes to the catalog page.

School or Division	School of Health Professions
Program or Certificate	Cardiopulmonary Sciences, BS
Proposed by (faculty only)	Dr. Jeff Elsberry, Prof Sindee Karpel, Prof Raymond Lenius
Presenter (faculty only)	Dr. Jeff Elsberry
Note that the presenter (faculty) listed above must be present at the Curriculum Committee meeting or the proposal will be returned to the School or Division and be resubmitted for a later date.	
Submission date	11/28/2016

Section I, Proposed Changes

Change of School, Division, or Department	N/A
Change to program or certificate name	N/A
List below, any changes to the program or certificate prerequisites. Include course titles and credits if applicable.	

Students who transfer to Florida SouthWestern State College with a previous associate of arts degree from a Florida College System or Baccalaureate degree from a regionally accredited university are considered to have met the General Education curriculum and Elective coursework (60 credit hours) of the BS-CPS Program.

Per State Rule 6A-10.024(a-b) Articulation Between and Among Universities, Florida Colleges, and School Districts:

- (a) Each state university and Florida College System institution shall establish a general education curriculum, which shall require thirty-six (36) semester hours of communication, mathematics, social sciences, humanities, and natural sciences for students working toward an associate in arts or baccalaureate degree.
- (b) After a state university or Florida College System institution has published its general education curriculum, the integrity of that curriculum shall be recognized by the other public postsecondary institutions. Once a student has been certified by such an institution on the official transcript as having completed satisfactorily its prescribed general education curriculum, regardless of whether the associate in arts degree is conferred, no other public postsecondary institution to which he or she may transfer shall require any further such general education courses.

2) Applicants should have earned an Associate Degree from an institution regionally or nationally accredited by a U.S. Department of Education recognized agency. Applicants, who graduated from an institution that was not accredited, will have their coursework evaluated on a case by case basis. Transfer of credits will not be guaranteed. **Graduates from hospital-based, foreign, or military programs will be eligible to apply but their courses will be evaluated using the college Transfer of Credit guidelines. The quality of this review will not be replaced or diminished by the Program honoring the credential for applicants seeking this degree completion opportunity.**

List below, any changes to the General Education requirements. Include course titles and credits if applicable.

To meet the state rule requirement for one course from each of the 5 subject areas and the state rule for English, Math, and Writing Intensive coursework, the structure of the 36 credits hours of General Education for this specialized AS to BS degree completion program has been adjusted. The degree is 2+2 and licensure is required prior to acceptance into the Bachelor of Science degree completion program. To accommodate the required Natural Sciences credits for this professional degree completion program, Speech (3 credits), Humanities (3 credits), Social Science (3 credits), and the additional Biology (4 credits) courses were removed. The Natural Sciences General Education credits are now a total of 19 credits. The adjustment avoids excess credits and maintains the AS to BS degree completion program at a total of 120 credits.

General Education Courses 32 + 4 = 36 Credits

- Composition I (3)
- Composition II (3)
- Humanities, Writing Intensive (3)
- Psychology or Sociology (3)

- Social Sciences, Writing Intensive (3)
- Core Mathematics (3)
- Additional Mathematics (3)
- Anatomy & Physiology I with Lab (4)
- Anatomy & Physiology II with Lab (4)
- Additional Natural Sciences (3)
- Microbiology with Lab (4) **Program Specific Course ****** "Any student who successfully

completes a natural science course for which one (1) of the general education core course options in natural science is an immediate prerequisite shall be considered to have completed the Natural Science Core."

List below, any changes to the program or certificate Core requirements. Include course titles and credits if applicable.

N/A

List below, any changes to the program or certificate Elective requirements. Include course titles and credits if applicable.

To ensure a total program length of 120 credits, Elective Courses required will total 51 credits and will include 45 credits from the AS Respiratory Care Core courses and 46 credits from the AS Cardiovascular Technology. The additional 5-6 credits may be any additional 1000-4000 level courses.

Elective Courses **51 Credits**

- Any 1000-4000 College Credits (including those from related AS degree)

List below, any other changes to the program or certificate requirements.

N/A

Change to program length (credits or clock hours to complete)	NO CHANGE
--	-----------

Include complete new catalog page as an attachment. Proposals without the new catalog page will not be reviewed by the committee.

Section II, Justification for proposal

Include state frameworks, accrediting or professional organization recommendations or requirements, workforce data, and/or crosswalks.

Provide justification (below) for each change on this proposed curriculum action.
1) To maintain the BS degree at the 120 length as reported in the Common Prerequisite Manual, the 36 credit hours of General Education credits have been adjusted. To accommodate the required Natural Sciences credits, a Speech (3 credits) and Social Science (3 credits) were removed and these credits are added to the Natural Sciences for a total of 19 credits.
2) To ensure a total program length of 120 credits, Elective Courses required will total 51 credits and will include 45 credits from the AS Respiratory Care Core courses and 46 credits from the AS Cardiovascular Technology. The additional 5-6 credits may be any additional 1000-4000 level courses.
3) For compliance with Rule 6A-10.024(b) Articulation Between and Among Universities, Florida Colleges, and School Districts , added the phrase <u>regardless of whether the associate in arts degree is conferred</u> : Students who have satisfactorily completed the General Education curriculum at a state university or Florida College System institution, regardless of whether the associate in arts degree is conferred , are considered to have met the General Education curriculum of the BS-CPS degree. If a student does not complete the General Education curriculum prior to transfer, the determination of the General Education requirement becomes the responsibility of Florida SouthWestern State College.

Section III, Important Dates and Endorsements Required

List all faculty endorsements below. (Note that proposals will be returned to the School or Division if faculty endorsements are not provided).
Dr. Jeff Elsberry, Prof Sindee Karpel, Prof Raymond Lenius

NOTE: Course and Program changes must be submitted by the dates listed on the published Curriculum Committee Calendar. Exceptions to the published submission deadlines must receive prior approval from the Provost's Office.

Term in which approved action will take place	Fall 2017	
Provide an explanation below for the requested exception to the effective date.		
N/A		
Any exceptions to the term start date requires the signatures of the Academic Dean or Associate Vice President and the Provost prior to submission to the Dropbox.		
Dean or Associate Vice President	Signature	Date
Type name here		
Provost	Signature	Date

Required Endorsements	Type in Name	Select Date
Department Chair or Program Coordinator/Director	Dr. Jeff Elsberry	11/28/2016
Academic Dean or Associate Vice President	Dr. Marie Collins	11/28/2016

All Curriculum proposals require approval of the Curriculum Committee and the Provost. Final approval or denial of a proposal is reflected on the completed and signed proposal.

Cardiopulmonary Sciences, BS

The Bachelor of Science (BS) in Cardiopulmonary Sciences (BS-CPS) is a program designed for cardiovascular technologists and respiratory care professionals who want to advance their education.

Applicants should hold one of the following credentials:

- Registered Respiratory Therapist (RRT) from the National Board for Respiratory Care
- Registered Cardiovascular Invasive Specialist (RCIS) or other registry level credentials from Cardiovascular Credentialing International
- Registered Diagnostic Cardiac Sonographer (RDCS) from the American Registry of Diagnostic Medical Sonographers.

On this foundation of skill, the proposed program will result in additional growth for professionals within the specialized area of Cardiopulmonary Sciences.

The program will provide cardiopulmonary professionals with a well-rounded general education in the arts and sciences as well as an advanced understanding in the Cardiopulmonary Sciences. The Cardiopulmonary Sciences BS Program provides career advancement for entry-level health profession practitioners. Students will develop management and leadership skills and gain a broader-based knowledge of healthcare delivery skills. The program offers a diverse population of students with innovative educational experiences and opportunities to meet the healthcare needs of the community they serve. The program provides a career and educational pathway for cardiovascular technologists and respiratory care professionals who have earned an Associate of Science degree in a related area or who hold comparable certification and licensure to treat patients.

Program Highlights:

The BS in Cardiopulmonary Sciences program includes courses in professional issues, advanced pharmacology, diagnosis and intervention, patient management, research, legal and ethical aspects of healthcare, pathophysiology, leadership, and community health. Courses are offered in a blend of online and traditional formats to accommodate students' various schedules and learning preferences. Students may select from an array of electives to complement their learning. Courses are offered for full-time and part-time students. The program also provides an excellent basis for continued formal education at the graduate level in the medical, public health, and education disciplines.

Career Opportunities:

Cardiopulmonary professionals will be able to further promote the expansion of services in their communities, such as diagnosis and treatment of cardiopulmonary and sleep disorders, health promotion and disease prevention, patient education, pulmonary rehabilitation, disease-specific case management, and life support outside of the intensive care unit. Changes in health care policy, regulation, and reimbursements have required professionals to adopt these

expanded roles, work more independently in settings across the continuum of care, and collaborate as partners on the healthcare delivery team.

Admission Requirements:

1. Applicants must submit an application to the BS Program and be accepted to Florida SouthWestern State College. Official transcripts from all previously attended colleges or universities must be sent directly to the Office of the Registrar.

Formatted: Font: 12 pt
Formatted: Indent Left: 0", Hanging: 0.5"

2. Applicants must have a minimum cumulative grade point average of 2.0 on a 4.0 scale. Applicants must possess licensure, certification, or registration from the profession in which the applicant is practicing. Applicants ~~should~~ must hold one of the following credentials:

Formatted: List Paragraph, Numbered + Level: 1 + Numbering Style: 1, 2, 3, ... + Start at: 1 + Alignment: Left + Aligned at: 0.25" + Indent at: 0.5"
Formatted: Font: 12 pt

- Registered Respiratory Therapist (RRT) from the National Board for Respiratory Care
- Registered Cardiovascular Invasive Specialist (RCIS) or other registry level credentials from Cardiovascular Credentialing International
- Registered Diagnostic Cardiac Sonographer (RDCS) from the American Registry of Diagnostic Medical Sonographers.

Formatted: Indent Left: 0.5", Hanging: 0.5", Space After: 0 pt

3. Applicants must have earned an associate degree or at least 60 college credit hours which must include:

Formatted: List Paragraph, Numbered + Level: 1 + Numbering Style: 1, 2, 3, ... + Start at: 1 + Alignment: Left + Aligned at: 0.25" + Indent at: 0.5"

- a. At least one (1) course from each of the General Education subject areas: communication, mathematics, social sciences, humanities, and natural sciences
- b. Six (6) semester hours of English coursework
- c. Six (6) semester hours of mathematics coursework
- d. Six (6) additional semester hours of writing intensive coursework

Formatted: Font: Not Bold
Formatted: Space After: 0 pt

4. Applicants should have earned an Associate Degree from an institution regionally or nationally accredited by a U.S. Department of Education recognized agency. Applicants, who graduated from an institution that was not accredited, will have their coursework evaluated on a case by case basis. Transfer of credits will not be guaranteed.

5. All coursework above will be evaluated by the College to determine Transfer of Credit.

Field Code Changed

6. Apply online as a bachelor's degree seeking student. Note that a cumulative grade point average of 2.0 on a 4.0 scale in all college level coursework is required for admission.

Applicants with an Associate of Arts Degree, a Baccalaureate Degree, or General Education Credits Completed:

Formatted: Font: Not Bold
Formatted: List Paragraph
Formatted: Indent Left: 0", First line: 0"

Students who transfer to Florida SouthWestern State College with a previous associate of arts degree from a Florida College System or Baccalaureate degree from a regionally accredited university are considered to have met the General Education curriculum and Elective coursework (60 credit hours) of the BS-CPS Program. Once a student has been certified by such

an institution on the official transcript as having completed satisfactorily its prescribed general education curriculum, regardless of whether the associate in arts degree is conferred, no other public postsecondary institution to which he or she may transfer shall require any further such general education courses. -State Rule 6A-10.024

Formatted: Indent: Left: 0", Hanging: 0.5", Space After: 0 pt, Line spacing: single

General Education:

Each state university and Florida College System institution shall establish a general education curriculum, which shall require thirty-six (36) semester hours of communication, mathematics, social sciences, humanities, and natural sciences for students working toward an associate in arts or baccalaureate degree.

Formatted: Font: 12 pt

After a state university or Florida College System institution has published its general education curriculum, the integrity of that curriculum shall be recognized by the other public postsecondary institutions. Once a student has been certified by such an institution on the official transcript as having completed satisfactorily its prescribed general education curriculum, regardless of whether the associate in arts degree is conferred, no other public postsecondary institution to which he or she may transfer shall require any further such general education courses.

If a student does not complete the general education curriculum prior to transfer, the general education requirement becomes the responsibility of the new institution, consistent with Section 1007.24, F.S.

Students who have completed a General Education curriculum from a college or university outside the State of Florida will be reviewed on a case-by-case basis to determine which courses will meet the Florida SouthWestern State College 36-hour General Education Requirements. Students must have earned equivalent credit hours in each of the five General Education areas: communication, mathematics, social sciences, humanities, and natural sciences.

Career Ladder Degree Articulation Agreement:

The Career Ladder agreement integrates specific associate in science degree programs with identified baccalaureate degree programs statewide. The Bachelor of Science in Cardiopulmonary Sciences at Florida SouthWestern State College is an AS to BS degree completion program. A transfer of 30 credits towards the BS degree will be granted to students who hold the required associate degree and professional credentials outlined above.

Formatted: Font: 12 pt

Transient Student Enrollment in Upper Division Coursework:

Transient students must obtain prior approval to enroll in Upper Division Cardiopulmonary Sciences Core coursework. Transient students are currently enrolled college students who register for courses at another institution on a temporary basis (e.g., university students attending summer semester at a state college). In order to take courses at another institution, students must receive approval from their home institution. The application will initiate your request and be routed to the appropriate personnel. Students initiate this process using Florida Virtual Campus at www.FloridaShines.org.

Formatted: Font: 12 pt

Formatted: Font: 12 pt

Formatted: Font: 12 pt

Priority Application Deadlines:

Fall Semester Start - Application due by August 1

Formatted: Font: 12 pt

Spring Semester Start - Application due by December 1

Summer Semester Start - Application due by April 1

*deadlines may be extended if seats remain unfilled to capacity by application deadline

Graduation Requirements:

Prior to Graduation from the BS-CPS Program, students must:

1. Complete a total of 120 credit hours as outlined in the Cardiopulmonary Sciences Program of Study.
2. Satisfy Foreign Language Competence (requirement described in next section).
3. Satisfy residency and Program requirements by completing a minimum of 33 credit hours of Upper Division Core coursework at Florida SouthWestern State College.
4. Earn a grade of "C" or better in all courses listed in the Cardiopulmonary Sciences Program of Study.
5. Earn a cumulative grade point average of 2.0 or higher in the Program.
6. Students must indicate their intention to attend commencement ceremony, by completing the Commencement Form by the published deadline.

Field Code Changed

Foreign Language Competency Requirement:

- Two years of the same High School Foreign Language, or
- Documented foreign language proficiency through testing, or
- Two semesters of the same College Level Foreign Language (Level II proficiency),
or
- Level II proficiency - this criterion occurs when a student has completed the second course of a sequence of college foreign language without completing the first course. For example, if a student has successfully completed a college-level Spanish II but not Spanish I, then the student has met the Foreign Language Competency requirement.

Formatted: Space After: 0 pt

Formatted: Indent: Left: 0.5", Hanging: 0.5", Space After: 0 pt

Academic and Graduation Requirements:

1. Students must achieve a cumulative grade point average of 2.0 or higher.
2. Students must earn a grade of "C" or higher in each Upper Division Cardiopulmonary Sciences course. Students must satisfactorily complete 120 credit hours as outlined in the Cardiopulmonary Sciences BS Program of Study.
3. To satisfy residency requirements, a minimum of 30 credit hours must be completed at Florida SouthWestern College.
4. Students must complete all General Education coursework and foreign language competence.

Formatted: Font: 12 pt

5. Students must indicate their intention to attend commencement ceremony, by completing the Commencement Form by the published deadline.

Career Ladder Articulation: 30 Credits *

* Registered Respiratory Therapist (RRT) from the National Board for Respiratory Care

* Registered Cardiovascular Invasive Specialist (RCIS) or other registry level credentials from Cardiovascular Credentialing International

* Registered Diagnostic Cardiac Sonographer (RDCS) from the American Registry of Diagnostic Medical Sonographers.

Program Specific Requirements:

Formatted: Font: 12 pt

The following coursework must be completed to meet the Florida Common Prerequisites for the Cardiopulmonary Sciences baccalaureate degree and may be fulfilled within General Education, Elective, or Lower Division studies.

• ~~BSC 1005C – General Biology 4 credits~~

or

• ~~BSC 1010 – Biological Science I 3 credits and~~

• ~~BSC 1010L – Biological Science I Laboratory 1 credit~~

• ~~BSC 1085C – Anatomy and Physiology I 4 credits~~

or

• ~~BSC 1093C – Anatomy and Physiology I 4 credits~~

• ~~BSC 1086C – Anatomy and Physiology II 4 credits~~

or

• ~~BSC 1094C – Anatomy and Physiology II 4 credits~~

• MCB 2010C - Microbiology - 4 credits

• SPC 1017 - Fundamentals of Speech Communication - 3 credits

or

• SPC 2608 - Introduction to Public Speaking - 3 credits

Cardiopulmonary Sciences, BS
Program of Study (120 Credits)

General Education Requirements: 36 Credits

Refer to the FSW General Education Program Guide for the list of courses that will satisfy these requirements.

COMMUNICATIONS CATEGORY: 6 Credits Required

- ENC 1101 - Composition I - 3 credits
- ENC 1102 - Composition II - 3 credits

HUMANITIES CATEGORY: 3 Credits Required

Core • Writing intensive Humanities course, must pass with a "C" or better - 3 credits

SOCIAL SCIENCES CATEGORY: 6 Credits Required

- PSY 2012 - Introduction to Psychology - 3 credits or SYG 1000 - Principles of Sociology - 3 credits
- Writing intensive Social Sciences course, must pass with a "C" or better - 3 credits

MATHEMATICS CATEGORY: 6 Credits Required

- Core Mathematics General Education course - 3 credits
- Additional Mathematics General Education course - 3 credits

NATURAL SCIENCES CATEGORY: 11 Credits Required

- BSC 1085C - Anatomy and Physiology I - 4 credits or BSC 1093C - Anatomy and Physiology I - 4 credits
- BSC 1086C - Anatomy and Physiology II - 4 credits or BSC 1094C - Anatomy and Physiology II - 4 credits
- Any Natural Sciences with BSC, CHM, or PHY prefix - 3 credits

Program Specific Course: 4 Credits Required

- MCB 2010C - Microbiology - 4 credits [MCB X010C, MCB X013C, MCB X000, or MCB X004 will satisfy this required course]
