Nursing, RN to BSN

[Return to: Programs of Study](#)

The RN to BSN Bachelor of Science in Nursing Program (RN to BSN) is a rigorous online RN-to-BSN degree completion program for Registered Nurses (RNs). Applicants should carefully consider if an online program best meets their learning style. Enrollment is limited based on the number of available seats each semester. Applicants must complete all General Education courses, RN-to-BSN Program Specific courses, and the foreign language competency before applying. Due to the current regulations governing online learning, the RN to BSN Program is not able to admit out-of-state students.

The Program provides a career ladder from the ASN degree to the BSN degree for RNs who have earned a diploma or Associate of Science Degree in Nursing. Coursework will continue to build upon the registered nursing curriculum foundation. The Program offers a diverse population of students with innovative educational experiences and opportunities to meet the health care needs of the community they serve. Through the educational process, the student will be able to internalize the values, traditions, and obligations of the professional nurse and gain a greater professional perspective and increased critical thinking and problem-solving skills.

The BSNRN to BSN Program prepares RNs for career promotions and advancement in nursing to include positions in academia, community health, management, and leadership. It also provides a foundation for advancement to graduate level education programs. Current occupational employment and wage data for Registered Nurses is published by the United States Department of Labor's Bureau of Labor Statistics at www.bls.gov/oes/current/oes291141.htm

Students may choose to complete the degree in a curriculum sequence of 2 semesters, 4 semesters, or 6 semesters, full-time course load (12 or more hours) or a part-time course load (less than 12 hours).

In the community health and leadership courses, students will have practicum experiences that will prepare them to apply theoretical knowledge in professional nursing practice.

Special Notices:

1. Prior to enrolling in *Leadership in Nursing Practice*, students must satisfactorily complete a college approved criminal records check and drug test. This expense is the student's responsibility. Failure to
