Include complete new catalog page as an attachment. Proposals without the new catalog page will not be reviewed by the committee.

Section II, Justification for proposal

Include state frameworks, accrediting or professional organization recommendations or requirements, workforce data, and/or crosswalks.

<p>Provide justification (below) for each change on this proposed curriculum action.</p> <p>Course content previously covered in TAX 2401, Trusts, Estates, and Gifts: Accounting and Taxation, will be included in TAX 2010, Federal Tax Accounting II. Inclusion of FIN 2001 will provide a more comprehensive view of the accounting/finance field.</p> <p>The current framework does not require in-depth accounting coverage for gifts, trusts, and estates. Tax treatment of these vehicles is covered in Federal Taxation II. The core standards from the state framework (copied below) would be more thoroughly addressed in the curriculum with the inclusion of FIN 2001, Business Finance. In particular, Standards 1.0, 4.0, and 9.0 would all be better supported.</p> <p><u>Standards</u></p> <p>After successfully completing this program, the student will be able to perform the following:</p> <ul style="list-style-type: none"> 01.0 Prepare and use financial information about business organizations to support decision making. <ul style="list-style-type: none"> 01.06 Analyze financial information to make informed business decisions. 02.0 Manage business information using appropriate software. 03.0 Demonstrate effective business communication skills. 04.0 Evaluate business and financial information to support internal decision making. <ul style="list-style-type: none"> 04.03 Calculate and use break-even analysis and other related topics to make unstructured business decisions. 04.06 Prepare business plans, budgets, and forecasts to support the management process. 05.0 Participate in work-based learning experiences. 06.0 Prepare governmental tax forms, including income, payroll, and sales taxes.
--

07.0	Consider the implications of professional values, ethics, and attitudes in business.
08.0	Prepare or develop strategic or organizational skills.
09.0	Prepare individual tax forms.
09.01	Identify and analyze tax rules and regulations regarding individual federal income taxes.

Accounting Technology, AS

Purpose

The Associate in Science (AS) in Accounting Technology program offers a sequence of courses that presents coherent and rigorous content needed to prepare for employment and/or promotion in occupations where a general knowledge of accounting, bookkeeping, tax preparation, and general business are required. It also prepares students for entry into a variety of baccalaureate degree programs in related disciplines such as accounting, business administration, management, and finance.

The content includes but is not limited to the principles, procedures, and theories of organizing, maintaining and auditing business and financial transactions and the preparation of accompanying financial records and reports for internal and external uses.

Program Structure

This program is a planned sequence of instruction consisting of 60 credit hours in the following areas: 18 credit hours of General Education Requirements and 42 credit hours of Accounting Technology Core Requirements. The Accounting Technology Management Certificate is a 27 credit hour certificate that prepares students for entry into employment and is comprised of core courses in the AS Accounting Technology degree. As such, it can be earned before the student has earned the AS Accounting Technology degree.

Course Prerequisites

VPAA: Revised 11/11, 6/12, 6/13, 7/14, 8/15, 8/16
