APPENDIX B

Career Pathways (Technical Credit to College) ABSTRACT

Area partnerships are developed and strengthened between Florida SouthWestern State College and business, industry, labor, educational agencies, parents, civic organizations, and any other group necessary for the support and promotion of the initiative within the area. Working with District personnel, Florida SouthWestern State College has identified courses and programs that can articulate from the school districts to the College to help prepare students for Associate Degrees and career certificates.

Florida SouthWestern State College provides the opportunity for high school graduates to earn credit that may be applied to an Associate Degree. High school students who have completed a technical program from one of the five-county school districts (Charlotte, Collier, Hendry, Glades, or Lee) may be eligible for college credit at Florida SouthWestern State College. Articulated credit may be awarded to the eligible post-secondary graduate who meets the following criteria:

- The student must be currently enrolled and seeking an Associate Degree in a correlating program at Florida SouthWestern State College. Thus, the student will successfully meet all requirements that apply to an Associate Degree seeking student as stated in the Florida SouthWestern State College Catalog.
- Students will be awarded articulated credit upon successful completion of 12 college credit hours towards the Associate Degree.
- Students must complete one the approved technical programs of study.

secondary instruction that is not creditable toward the high school diploma shall not be classified as Dual Enrollment. College preparatory instruction, as defined in State Board of Education Rules and physical education courses, shall not be included in the Dual Enrollment program pursuant to s. 1007.271 (2), Florida Statutes.

1. **Career and Technical Dual Enrollment** – A status assigned to an eligible secondary school student who has identified in their application that he/she is seeking an Associate Degree or Vocational Certificate from a complete job preparatory program and is not enrolled in isolated technical courses; and who is enrolled in a College post-secondary course that is creditable toward the high school diploma.

Technical Dual Enrollment students must be assessed and advised in appropriate A.S. or technical certificate career pathways at the College. A Technical Dual Enrollment student must be concurrently enrolled in a high school program with a minimum 2.0 unweighted high school GPA. Students enrolled in post-secondary instruction that is not creditable toward the high school diploma shall not be classified as Career and Technical Dual Enrollment. College preparatory instruction, as defined in State Board of Education Rules and physical education courses, shall not be included in the Dual Enrollment program pursuant to s. 1007.271 (2), Florida Statutes.

2. **Early Admissions (College)** – Early Admissions is a status assigned to an eligible secondary school student who has completed the eleventh (11th) grade in high school and who has enrolled on a full-time basis **at the College Campus** in courses that are creditable toward the high school diploma and the Associate Degree or Certificate. Students are self-identified as Early Admissions. A student must enroll in a minimum of 12 college credit hours per semester or the equivalent to participate in the Early Admissions program; however, a student may not be required to enroll in more than 15 college credit hours per semester or the equivalent.
3. **Collier-Florida SouthWestern Collegiate Institute (CI)** – An accelerated articulation program designed to provide high achieving students with a more rigorous and academically challenging curriculum so as to simultaneously complete the requirements for the high school diploma and an Associate Degree, thereby shortening the time necessary for post-secondary education. *CI* is a status assigned to a high school student who is enrolled full-time in college-level courses during both the junior and senior years of high school.

These students must possess excellent test scores and demonstrate exemplary academic achievement prior to the end of the sophomore year of high school. The student will be enrolled at Florida SouthWestern State College in college-level courses taken at the high school in the junior year and at the College when a senior. These courses will provide credit towards high school graduation while simultaneously completing requirements for the Associate of Arts degree
