APPENDIX B

Career Pathways (Technical Credit to College) ABSTRACT

Area partnerships are developed and strengthened between Florida SouthWestern State College and business, industry, labor, educational agencies, parents, civic organizations, and any other group necessary for the support and promotion of the initiative within the area. Working with District personnel, Florida SouthWestern State College has identified courses and programs that can articulate from the school districts to the College to help prepare students for Associate Degrees and career certificates.

Florida SouthWestern State College provides the opportunity for high school graduates to earn credit that may be applied to an Associate Degree. High school students who have completed a technical program from one of the five-county school districts (Charlotte, Collier, Hendry, Glades, or Lee) may be eligible for college credit at Florida SouthWestern State College. Articulated credit may be awarded to the eligible post-secondary graduate who meets the following criteria:

- The student must be currently enrolled and seeking an Associate Degree in a correlating program at Florida SouthWestern State College. Thus, the student will successfully meet all requirements that apply to an Associate Degree seeking student as stated in the Florida SouthWestern State College Catalog.
- Students will be awarded articulated credit upon successful completion of 12 college credit hours towards the Associate Degree.
- Students must complete one the approved technical programs of study.
