

Advisory Board Minutes

9/26/2018

4:00-5:00 p.m.

Presentation by Dr. Miller – School of Education Accolades

Question posed: What issue or development in the community should the School of Education address in the next 6-12 months?

Participant Responses:

- What ESE strategies do your students learn while in the program in relation to behaviors?
Suggested possible training in de-escalation.
- Relationships between PreK and K centers - feeder preschools & principals/teachers of Elementary Schools.
- Economics of being a teacher, suggested a session or workshop for students that will prepare them for their financial situation when they graduate. EDF 2005 – Introduction to Education does talk about the pros and cons of teaching, including salary as a con.
- There are currently 7 openings for certified Early Childhood teachers in PreK classrooms in Lee County alone.

Breakout sessions –

Elem Ed

Early Childhood

High Schools
