**Section III, Justification for proposal**

Include state frameworks, accrediting or professional organization recommendations or requirements, workforce data, and/or crosswalks.

<b>Provide justification (below) for each change on this proposed curriculum action.</b>
The additional class options will give the students more flexibility when scheduling their math and science requirement components of the program while still meeting the program objectives. Additionally, this change falls in line with what the other programs in the state using the Civil Engineering Technology Curriculum Framework are currently offering as well (Chipola College and Seminole State College).
