

Curriculum Committee

Change of Program or Certificate Proposal

Note required information: Program or certificate changes require a change to the catalog page. All change of program or certificate proposals must include the new catalog page, with all proposed changes, at the end of this document. All changes that affect the courses, words, numbers, symbols, program description, admissions requirements, and graduation requirements must be documented. Note before completing this proposal that all new courses and current prerequisite, co-requisite, core, or elective courses changes must have already been reviewed (or submitted for the same meeting) by the Curriculum Committee and approved by the Provost. The Track Changes feature in Word must be used to illustrate all changes to the catalog page.

School or Division	School of Health Professions
Program or Certificate	Associate Degree Nursing
Proposed by (faculty only)	Carrie Carty, June Davis, Julissa Gonzales, Angela Vitale, Andrea Storrie
Presenter (faculty only)	June Davis and Carrie Carty
Note that the presenter (faculty) listed above must be present at the Curriculum Committee meeting or the proposal will be returned to the School or Division and be resubmitted for a later date.	
Submission date	11/29/2018
All Curriculum proposals require approval of the Curriculum Committee and the Interim Provost for Academic Affairs. Final approval or denial of a proposal is reflected on the completed and signed proposal.	
<input checked="" type="checkbox"/> Approve <input type="checkbox"/> Do Not Approve

Section I, Important Dates and Endorsements Required

NOTE: Course and Program changes must be submitted by the dates listed on the published Curriculum Committee Calendar. Exceptions to the published submission deadlines must receive prior approval from the Interim Provost for Academic Affairs' Office.

Term in which approved action will take place	Fall 2019
Provide an explanation below for the requested exception to the effective date.	
Type in the explanation for exception.	

Any exceptions to the term start date requires the signatures of the Academic Dean and Interim Provost for Academic Affairs prior to submission to the Dropbox.		
Dean	Signature	Date
Type name here		
Interim Provost for Academic Affairs	Signature	Date
Dr. Eileen DeLuca		

Required Endorsements	Type in Name	Select Date
Department Chair or Program Coordinator/Director	June Davis	11/13/2018
Academic Dean or Interim Provost for Academic Affairs	Deborah Selman	11/13/2018

List all faculty endorsements below. (Note that proposals will be returned to the School or Division if faculty endorsements are not provided).
Carrie Carty, June Davis, Julissa Gonzales, Angela Vitale, Andrea Storrie, and approved by ADN faculty during a meeting.

Section II, Proposed Changes

Do any of the changes affect the AA focus? (If so, a Change of Program proposal is also needed.)	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
Have the deans of the General Studies been contacted/consulted?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
Have you attached an updated catalog page?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Change of School, Division, or Department	List new school, division, or department
Change to program or certificate name	List new program or certificate name
List below, any changes to the program or certificate prerequisites. Include course titles and credits if applicable.	
List changes to program or certificate prerequisites	
List below, any changes to the General Education requirements. Include course titles and credits if applicable.	
List changes to program or certificate General Education requirements	
List below, any changes to the program or certificate Core requirements. Include course titles and credits if applicable.	
The current course NUR 2140 Pharmacology for Nurses (2 credits) will be replaced by NUR 2095 Introduction to Pharmacological Nursing (1 credit, level 1) and NUR 2145 Pharmacological Nursing (1 credit, level 2)	
List below, any changes to the program or certificate Elective requirements. Include course titles and credits if applicable.	
List changes to program or certificate Elective requirements	
List below, any other changes to the program or certificate requirements.	
List other changes	
Change to program length (credits or clock hours to complete)	From: To:

Include complete new catalog page as an attachment. Proposals without the new catalog page will not be reviewed by the committee.

Section III, Justification for proposal

Include state frameworks, accrediting or professional organization recommendations or requirements, workforce data, and/or crosswalks.

Provide justification (below) for each change on this proposed curriculum action.

Based on feedback from students and observations from faculty, it was determined by nursing faculty that the ADN nursing students would benefit from separating the pharmacology course content out and offering it over two semesters. Offering the two pharmacology courses will align better with our current curriculum.

Nursing, AS

Return to: [Programs of Study](#)

Graduates of the Associate in Science in Nursing (ASN) Program are prepared to become licensed as an entry level Registered Nurse (RN). The nursing curriculum incorporates classroom instruction, laboratory, simulation education, and clinical practice in the care of diverse populations. Local health facilities are utilized for clinical practice, including community agencies, acute care institutions, long-term and ambulatory care facilities. Graduates of the program possess knowledge, values, skills, and compassion; all are essential for professional nursing practice in a dynamic and rapidly changing health care environment.

There are two options available in the ASN program, traditional (day hours Monday-Friday on campus classes) and ANEW (Evening and Weekends, online and on campus blended format). The ANEW schedule is not a part-time Nursing program. It will require full-time commitment but it will be offered on a schedule that will consist of online classroom instruction with labs and clinical rotations offered on an evening (Monday-Friday) and weekend schedule.

Current occupational employment and wage data for Registered Nurses are published by the United States Department of Labor's Bureau of Labor Statistics at www.bls.gov/oes/current/oes291141.htm.

Accreditation:

The Florida South Western State College Associate in Science in Nursing Program is accredited by the:

Accreditation Commission for Education in Nursing, Inc. (ACEN)

3343 Peachtree Road NE, Suite 850

Atlanta, Georgia 30326

Telephone: 404-975-5000

<http://acenursing.org/>

Admission Requirements:

The ASN Program consists of 72 credit hours. These hours include general education (16 credits) and program specific courses (14 credits), and Nursing core courses (42 credits). Competitive applicants will have completed most or all of their general education and program specific courses before starting the Nursing core courses.

In Order to apply, Applicants must have successfully completed:

[STA 2023](#) Statistical Methods I

[BSC 1085C](#) or [BSC 1093C](#) - Anatomy and Physiology I

[BSC 1086C](#) or [BSC 1094C](#) - Anatomy and Physiology II

Test of Essential Academic Skills (TEAS)

Nursing Core Courses, are completed in a four (4) semester cohort/group sequence. Students who begin the program in the Fall semester can successfully complete the program in 20 months. Students who begin the program in the Spring semester can successfully complete the program in 24 months.

The Traditional and ANEW schedules for the ASN Program will both require discipline and commitment. Nursing education is rigorous and must be top priority from the first semester through graduation to be successful on the NCLEX-RN licensing exam and to become a professional nurse.

LPN Florida Department of Education Gold Standard and Statewide Articulation

Agreements:

This Gold Standard Career Pathways Statewide Articulation Agreement guarantees the minimum award of course credits or a block of credit toward the above AAS/AS program is 10 hours of credit. This agreement does not preclude the awarding of additional credits by any college through local agreements. The Licensed Practical Nurse certification, or National Licensed Practical Nurse (NCLEX-PN) certification represents industry acknowledgement of technical skill attainment of competencies in the Nursing (Associate Degree) R.N. program. To be eligible for articulation, the student must show evidence of their current Licensed Practical Nurse certification, or National Licensed Practical Nurse (NCLEX-PN) certification and it must have been issued within three (3) years prior to their enrollment in the program.

FSW LPN Bridge:

In accordance with the Gold Standard and Statewide Articulation Agreement for LPN's, Florida SouthWestern State College offers LPN's, meeting the agreement requirements, the option to accept an ASE1000 block of 10+1 credits. The ASE1000 block consists of Level I AS Degree Nursing Core Courses: NUR1020, NUR1020L, NUR1025L, and NUR24402095.

Application:

The Application Deadlines are located are located at <https://fsw.edu/academics/programs/asnursing>

Note: Finalists will be notified within four weeks after application deadlines.

The ASN Program has limited enrollment due to the rigorous clinical education requirements for the program. Acceptance to Florida SouthWestern State College does not imply acceptance into the program. Each applicant must meet specific criteria which are listed in the admission policies. The Criteria for Admission Policies are available through the School of Health Professions Nursing office on each campus. Admission information and applications are located at: <http://www.fsw.edu/academics/programs/asnursing>.

All applicants should consult the Florida Board of Nursing website if they have any criminal offenses limiting RN licensure before applying. Refer to <http://floridasnursing.gov/licensing/licensed-practical-nurse-registered-nurse-by-examination/>

Phase I: Initial review of applications is based on a calculation of admission points using completed pre-nursing course GPA, TEAS test score, and the total number of general education/program specific courses completed. Pre-admission standardized examination includes the Test of Essential Academic Skills (TEAS).

Phase II: At the applicant's expense, a college-approved criminal records check and drug testing must be completed. Note that applicants should consult Florida Board of Nursing if they have any criminal offenses, beyond minor traffic violations, which may limit obtaining Registered Nurse (RN) licensure.

Phase III: In this phase, all applicant packets will be reviewed.

Phase IV: Selected applicants will receive a letter of acceptance. The letter will include information for accessing the Nursing Program Policy & Procedures Manual and Virtual Orientation. The student must submit an affidavit of acknowledgment, acceptance and compliance of the Nursing Program Policy & Procedure Manual by the first day of classes.

Note for LPN's: In addition to compliance of contents in Phase IV, selected LPN applicants, accepting the ASE1000 articulation pathway, must satisfactorily complete the LPN Bridge Orientation online by the first day of classes. Access to this orientation will be sent to the applicant with the letter of acceptance.

The following items must be completed before the first day of class:

Student Health Form

Immunizations

Screening for tuberculosis (TB)

Certification in American Heart Association Basic Life Support for Health-Care Providers
Proof of personal health insurance throughout enrollment in the program, naming the student and dates of coverage.

Academic Policy and Progression Criteria:

The academic standards in the Nursing program are very rigorous and require full-time commitment.

A grade of "C" or better must be earned in General Education (16 credits) and Program Specific (14 credits) courses. The ASN Program uses the following grading system: (90 - 100 = A, 80 - 89.99 = B, 77 - 79.99 = C, 60 - 76.99 = D, Below 60 = F).

A grade of "C" or better must be earned in each Nursing/NUR course (42 credits) in order to progress in the program. A grade less than "C" in a Nursing/NUR course will require a reattempt.

A Nursing/NUR course may be repeated or reattempted only once. If a grade of "C" or better is not achieved when the course is repeated or reattempted, dismissal from the program will result.

If a grade of "C" or better is not achieved or Withdrawal/W grade occurs in two or more Nursing/NUR courses, dismissal from the program will result.

Dismissal from the Nursing Program will occur if a student is deemed unsafe or unprofessional in clinical practice/patient care.

The Academic Review Committee (ARC) will evaluate each student who is unsuccessful in a course or has an interruption in their program sequence. An Alternate program plan will be developed by the committee in collaboration with the student

Attendance and punctuality is mandatory for all classroom, laboratory, and clinical activities. The third and each subsequent classroom absence and/or partial absence will result in a 5-point deduction from the final course grade. Attendance (100%) is required for all simulation and clinical activities.

End of Program Student Learning Outcomes:

Upon successful completion of the ASN Program, the graduate will be able to:

Advocate holistically for diverse patient populations and their families in ways that promote health, self-determination, integrity, and ongoing growth as human beings

Integrate clinical reasoning, substantiated with evidence, to provide and promote safe and compassionate quality care for patients and families in a community context.

Distinguish one's professional identity in ways that reflect integrity, responsibility, legal and ethical practices, and professional growth and development as a nurse.

Communicate respectfully and effectively with diverse populations and the interdisciplinary healthcare team through collaborative decision making to produce optimal patient outcomes.

Manage patient care effectively related to time, personnel, informatics and cost to continuously improve the quality and safety of health care systems.

ASN Program of Study (72 credits)
