3. AdvancEd Re-accreditation Update: We are waiting for Team Leader update. Then we will start working in teams to collect all of the required information for the AdvancEd Re-accreditation visit.

4. Classroom Observations/Evaluations:

An observation tool was handed out for teachers to view and decide if we like their plan and devise our own plan. Please give Mrs. Wier feedback on your thoughts. The rating guide was briefly discussed. We want to be prepared when the team comes. The three areas that will be evaluated are Assessment, Classroom Observations, and Professional Development.

It was suggested that teachers could rotate through each other's classrooms for a day, or a half day for peer observations. We can get subs to cover the classrooms.
