Section I, Important Dates and Endorsements Required

NOTE: Course and Program changes must be submitted by the dates listed on the published Curriculum Committee Calendar. Exceptions to the published submission deadlines must receive prior approval from the Interim Provost for Academic Affairs' Office.

Term in which approved action will take place	Fall 2019
Provide an explanation below for the requested exception to the effective date.	
The Honors Advisory Council has redesigned the funding model and curricular requirements of the program to align with a new focus on undergraduate research. In order to pilot these changes in the 2019-2020 academic year, we need to add an interdisciplinary Honors capstone course.	

Any exceptions to the term start date requires the signatures of the Academic Dean and Interim Provost for Academic Affairs prior to submission to the Dropbox.		
Dean	Signature	Date
Deborah Teed		4-22-2019

IV. Course Competencies, Learning Outcomes and Objectives

A. General Education Competencies and Course Outcomes

1. Integral General Education Competency or competencies:

Research and examine academic and non-academic information, resources, and evidence. Understand how scholars in their chosen academic discipline investigate and speak to the human condition. Conduct in-depth, reflective, and ethical research about the dynamics of the human condition and the physical world in order to acquire information literacy, refine critical thinking and analytical skills, and sharpen intellectual focus. Effectively locate, interpret, manage and use information and evidence from academic and non-academic sources in order to create original projects that engender meaningful learning in the classroom and beyond.

Course Outcomes or Objectives Supporting the General Education Competency Selected:

1. Students must incorporate research into their own capstone project using summary, paraphrase, and direct quotation in their presentations.
2. Locate, analyze, and evaluate primary and/or secondary sources in a variety of modes (print, digital, visual, oral etc.) in order to conduct academic research.
3. Students will learn how to cite sources appropriately and avoid plagiarism in academic research and writing.

2. Supplemental General Education Competency or competencies:

Investigate and engage in the transdisciplinary applications of research, learning, and knowledge

Discover and apply new ideas when required to break with traditional systems of thought. Foster systemic problem-solving habits that require thinking in terms of patterns, relationships, and context. Empathize and engage with others from diverse backgrounds in order to develop, understand, evaluate and assess information and generate solutions to important local, national, and global problems. Collaboratively work with others to creatively transfer knowledge and learning to a variety of new contexts. Learn different approaches to intellectual inquiry, test theories for issues that confront our communities, and imagine solutions to complex problems in the academy, the workplace, and the world.

Course Outcomes or Objectives Supporting the General Education Competency Selected:

1. Students will draw on course content in conjunction with prior disciplinary training, and/or other undergraduate experience in developing an approach to inquiry and executing and completing a major project.

2. Students will critically engage and apply the discourse, methods and content of one or more disciplines to take an active approach to problem-solving.

B. In accordance with Florida Statute 1007.25 concerning the state's general education core course requirements, this course meets the general education competencies for

Part B would only be included in the course outlines of those courses are included in the FSW Catalog as a General Education Core Course. If this is not a core course, then outline letter C would become B.
