

Curriculum Committee

Change of Program or Certificate Proposal

Note required information: Program or certificate changes require a change to the catalog page. All change of program or certificate proposals must include the new catalog page, with all proposed changes, at the end of this document. All changes that affect the courses, words, numbers, symbols, program description, admissions requirements, and graduation requirements must be documented. Note before completing this proposal that all new courses and current prerequisite, co-requisite, core, or elective courses changes must have already been reviewed (or submitted for the same meeting) by the Curriculum Committee and approved by the Provost. The Track Changes feature in Word must be used to illustrate all changes to the catalog page.

School or Division	School of Health Professions
Program or Certificate	AS Nursing
Proposed by (faculty only)	June Davis
Presenter (faculty only)	June Davis
Note that the presenter (faculty) listed above must be present at the Curriculum Committee meeting or the proposal will be returned to the School or Division and be resubmitted for a later date.	
Submission date	11/12/2019
All Curriculum proposals require approval of the Curriculum Committee and the Provost. Final approval or denial of a proposal is reflected on the completed and signed proposal.

Section I, Important Dates and Endorsements Required

NOTE: Course and Program changes must be submitted by the dates listed on the published Curriculum Committee Calendar. Exceptions to the published submission deadlines must receive prior approval from the Provost' Office.

Term in which approved action will take place	Fall 2020
Provide an explanation below for the requested exception to the effective date.	
This program change request is to incorporate two courses into the course sequencing for the ASN program: NUR 2424 (replacing NUR 2440 and NUR 2440L) and NUR 2092 (replacing NUR 2095). These changes will take effect in the Fall 2020 semester.	

Any exceptions to the term start date requires the signatures of the Academic Dean and Provost prior to submission to the Dropbox.		
Dean	Signature	Date
Dr. Paula Tropello		11/19/19
Provost	Signature	Date
Dr. Eileen DeLuca		

Required Endorsements	Type in Name	Select Date
Department Chair or Program Coordinator/Director	Dr. Deborah Selman 	Click here to enter a date. 11-15-19
Academic Dean or Provost	Dr. Paula Tropello 	Click here to enter a date. 11-19-19

List all faculty endorsements below. (Note that proposals will be returned to the School or Division if faculty endorsements are not provided).
Approved by Faculty at District ASN meeting.

Section II, Proposed Changes

Do any of the changes affect the AA focus? (If so, a Change of Program proposal is also needed.)	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
Have the deans of the General Studies been contacted/consulted?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
Have you attached an updated catalog page?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Change of School, Division, or Department	List new school, division, or department
Change to program or certificate name	List new program or certificate name
List below, any changes to the program or certificate prerequisites. Include course titles and credits if applicable.	
List changes to program or certificate prerequisites	
List below, any changes to the General Education requirements. Include course titles and credits if applicable.	
List changes to program or certificate General Education requirements	
List below, any changes to the program or certificate Core requirements. Include course titles and credits if applicable.	
Add NUR2424, Remove NUR2440 and NUR2440L Add NUR 2092, Remove NUR 2095 Changes in credit hours for NUR1020 (5-6), NUR2033 (4-5), NUR2092 (1-2), NUR2145 (1-2).	
List below, any changes to the program or certificate Elective requirements. Include course titles and credits if applicable.	
List changes to program or certificate Elective requirements	
List below, any other changes to the program or certificate requirements.	
List other changes	
Change to program length (credits or clock hours to complete)	From: To:

Include complete new catalog page as an attachment. Proposals without the new catalog page will not be reviewed by the committee.

Section III, Justification for proposal

Include state frameworks, accrediting or professional organization recommendations or requirements, workforce data, and/or crosswalks.

Provide justification (below) for each change on this proposed curriculum action.

It was recognized that Level 3 in the ASN curriculum was heavy in course load and overwhelming for students. In the review of the ASN curriculum, faculty felt there was duplication of content in the course NUR 2440 Children and Women's Health and courses in other levels. It was determined that a new 1 credit course (NUR 2424) with obstetrical content would better fit the curriculum. Clinical experiences for obstetrical nursing was incorporated into the level 3 clinical course (NUR 2033L) and NUR 2440L (Children and Women's clinical) will be discontinued. The remaining credit hours were added to courses that would benefit from extra class time (NUR 2033, NUR 2092, NUR 2145, NUR 1020).

Nursing, AS

➔ [Return to: Programs of Study](#)

Graduates of the Associate in Science in Nursing (ASN) Program are prepared to become licensed as an entry level Registered Nurse (RN). The nursing curriculum incorporates classroom instruction, laboratory, simulation education, and clinical practice in the care of diverse populations. Local health facilities are utilized for clinical practice, including community agencies, acute care institutions, long-term and ambulatory care facilities. Graduates of the program possess knowledge, values, skills, and compassion; all are essential for professional nursing practice in a dynamic and rapidly changing health care environment.

There are two options available in the ASN program, traditional (day hours Monday-Friday on campus classes) and ANEW (Evening and Weekends, online and on campus blended format). The ANEW schedule is not a part-time Nursing program. It will require full-time commitment but it will be offered on a schedule that will consist of online classroom instruction with labs and clinical rotations offered on an evening (Monday-Friday) and weekend schedule.

Current occupational employment and wage data for Registered Nurses are published by the United States Department of Labor's Bureau of Labor Statistics at www.bls.gov/oes/current/oes291141.htm.

Accreditation:

The Florida South Western State College Associate in Science in Nursing Program is accredited by the:

Accreditation Commission for Education in Nursing, Inc. (ACEN)

3343 Penetree Road NE, Suite 850

Atlanta, Georgia 30326

Telephone: 404-975-5000

<http://acenu.org/>

Admission Requirements:

The ASN Program consists of 72 credit hours. These hours include general education (16 credits), program specific courses (14 credits), and Nursing core courses (42 credits). Competitive applicants will have completed most or all of their general education and program specific courses before starting the Nursing core courses.

In Order to apply, Applicants must have successfully completed:

STA 2023 Statistical Methods I
BSC 1085C or BSC 1093C - Anatomy and Physiology I
BSC 1086C or BSC 1094C - Anatomy and Physiology II
Test of Essential Academic Skills (TEAS)

Nursing Core Courses, are completed in a four (4) semester cohort/group sequence. Students who begin the program in the Fall semester can successfully complete the program in 20 months. Students who begin the program in the Spring semester can successfully complete the program in 24 months.

The Traditional and ANEW schedules for the ASN Program will both require discipline and commitment. Nursing education is rigorous and must be top priority from the first semester through graduation to be successful on the NCLEX-RN licensing exam and to become a professional nurse.

LPN Florida Department of Education Gold Standard and Statewide Articulation Agreements:

This Gold Standard Career Pathways Statewide Articulation Agreement guarantees the minimum award of course credits or a block of credit toward the above AAS/SAS program is 40-120 hours of credit. This agreement does not preclude the awarding of additional credits by any college through local agreements. The Licensed Practical Nurse certification, or National Licensed Practical Nurse (NCLEX-PN) certification represents industry acknowledgement of technical skill attainment of competencies in the Nursing (Associate Degree) R.N. program. To be eligible for articulation, the student must show evidence of their current Licensed Practical Nurse certification, or National Licensed Practical Nurse (NCLEX-PN) certification and it must have been issued within three (3) years prior to their enrollment in the program.

FSW LPN Bridge:

In accordance with the Gold Standard and Statewide Articulation Agreement for LPN's, Florida SouthWestern State College offers LPN's, meeting the agreement requirements, the option to accept an ASE1000 block of 40-12 credits. The ASE1000 block consists of Level I AS Degree Nursing Core Courses: NUR 1020, NUR 1020L, NUR 1025L, and NUR 2092-NUR 2092L.

Application:

*The Application Deadlines are located at <https://www.fsw.edu/academics/programs/asnursing>.
Note: Finalists will be notified within four weeks after application deadlines.*

The ASN Program has limited enrollment due to the rigorous clinical education requirements for the program. Acceptance to Florida SouthWestern State College does not imply acceptance into the program. Each applicant must meet specific criteria which are listed in the admission policies. The

Criteria for Admission Policies are available through the School of Health Professions Nursing office on each campus. Admission information and applications are located at: <http://www.fsw.edu/academics/programs/asnursing>.

All applicants should consult the Florida Board of Nursing website if they have any criminal offenses limiting RN licensure before applying. Refer to <http://floridasnursing.gov/licensing/licensed-district-nurse-registered-nurse-by-examination/>

Phase I: Initial review of applications is based on a calculation of admission points using completed pre-nursing course GPA, TEAS test score, and the total number of general education/program specific courses completed. Pre-admission standardized examination includes the Test of Essential Academic Skills (TEAS).

Phase II: At the applicant's expense, a college-approved criminal records check and drug testing must be completed. Note that applicants should consult Florida Board of Nursing if they have any criminal offenses, beyond minor traffic violations, which may limit clinical training placement and obtaining Registered Nurse (RN) licensure.

Phase III: In this phase, all applicant packets will be reviewed.

Phase IV: Selected applicants will receive a letter of acceptance. The letter will include information for accessing the Nursing Program Policy & Procedures Manual and Virtual Orientation. The student must submit an affidavit of acknowledgment, acceptance and compliance of the Nursing Program Policy & Procedure Manual by the first day of classes.

Note for LPN's: In addition to compliance of contents in Phase IV, selected LPN applicants, accepting the ASE1000 articulation pathway, must satisfactorily complete the LPN Bridge Orientation online by the first day of classes. Access to this orientation will be sent to the applicant with the letter of acceptance.

The following items must be completed before the first day of class:

Student Health Form

Immunizations

Screening for tuberculosis (TB)

Certification in American Heart Association Basic Life Support for Health-Care Providers

Proof of personal health insurance throughout enrollment in the program, naming the student and dates of coverage.

Academic Policy and Progression Criteria:

The academic standards in the Nursing program are very rigorous and require full-time commitment.

A grade of "C" or better must be earned in General Education (16 credits) and Program Specific (14 credits) courses.

The ASN Program uses the following grading system: (90 - 100 = A, 80 - 89.99 = B, 77 - 79.99 = C, 60 - 76.99 = D, Below 60 = F).

A grade of "C" or better must be earned in each Nursing/NUR course (42 credits) in order to progress in the program.

A grade less than "C" in a Nursing/NUR course will require a reattempt.

A Nursing/NUR course may be repeated or reattempted only once. If a grade of "C" or better is not achieved when the course is repeated or reattempted, dismissal from the program will result.

If a grade of "C" or better is not achieved or Withdrawal/W grade occurs in two or more Nursing/NUR courses, dismissal from the program will result.

Dismissal from the Nursing Program will occur if a student is deemed unsafe or unprofessional in clinical practice/patient care.

The Academic Review Committee (ARC) will evaluate each student who is unsuccessful in a course or has an interruption in their program sequence. An Alternate program plan will be developed by the committee in collaboration with the student.

Attendance and punctuality is mandatory for all classroom, laboratory, and clinical activities. The third and each subsequent classroom absence and/or partial absence will result in a 5-point deduction from the final course grade. Attendance (100%) is required for all simulation and clinical activities.

End of Program Student Learning Outcomes:

Upon successful completion of the ASN Program, the graduate will be able to:

- Advocate holistically for diverse patient populations and their families in ways that promote health, self-determination, integrity, and ongoing growth as human beings
- Integrate clinical reasoning, substantiated with evidence, to provide and promote safe and compassionate quality care for patients and families in a community context.
- Distinguish one's professional identity in ways that reflect integrity, responsibility, legal and ethical practices, and professional growth and development as a nurse.
- Communicate respectfully and effectively with diverse populations and the interdisciplinary healthcare team through collaborative decision making to produce optimal patient outcomes.
- Manage patient care effectively related to time, personnel, informatics and cost to continuously improve the quality and safety of health care systems.

ASN Program of Study (72 credits)

General Education Requirements: 16 credits required

ENC 1101 - Composition I 3 credits
Humanities - (Core recommended for the RN to BSN Degree) 3 credits

PSY 2012 - Introduction to Psychology 3 credits

or

SYG 1000 - Principles of Sociology 3 credits

STA 2023 - Statistical Methods I 3 credits

BSC 1085C - Anatomy and Physiology I 4 credits

or
BSC 1093C - Anatomy and Physiology I 4 credits

Program Specific Coursework: 14 credits required

BSC 1086C - Anatomy and Physiology II 4 credits

or

BSC 1094C - Anatomy and Physiology II 4 credits

MCB 2010C - Microbiology 4 credits

HUN 1201 - Human Nutrition 3 credits

DEP 2004 - Human Growth and Development 3 credits

Nursing Core Courses: 42 credits required

NUR 1020 - Nursing Concepts: Health and Wellness Across the Lifespan

A_

P_

NUR 1020 - Nursing Concepts: Health and Wellness Across the Lifespan

65 credits

Prerequisites: Acceptance to the Nursing Program

Corequisites: NUR 1020L

This course introduces concepts within the FSW nursing philosophy: health, people and nursing as a profession. Emphasis is placed on the introduction of the concepts of nursing responsibilities, professionalism, assessment, health, wellness, and illness. Upon completion of the course students will be able to apply the concepts to client care, individual-centered care, and quality care goals.

NUR 1020L - Nursing Concepts: Health and Wellness Across the Lifespan Clinical *

A_

P_

NUR 1020L - Nursing Concepts: Health and Wellness Across the Lifespan Clinical

3 credits

Prerequisites: Acceptance to the Nursing Program

Corequisites: NUR 1020

This course provides clinical experiences for students to explore and solidify the concepts of nursing responsibilities, professionalism, assessment, health, wellness and illness. Upon completion the students will be able to provide safe and effective care for clients.

NUR 1025L - Nursing Concepts: Health and Wellness Across the Lifespan Practicum

A_

P_

NUR 1025L - Nursing Concepts: Health and Wellness Across the Lifespan Practicum

1 credit

Prerequisites: Acceptance to the Nursing Program

This course introduces nursing skills essential to the performance wellness care for clients/patients across the lifespan. These skills are practiced and demonstrated in a laboratory/simulation setting. Emphasis is placed on the skills related to assessment, safety, hygiene and mobility. Upon completion of the course, students will be able to provide safe, holistic, quality nursing care to clients/patients across the lifespan with respect for cultural and spiritual diversity.

NUR 1034 - Nursing Concepts: Health to Illness Across the Lifespan

A_

P_

NUR 1034 - Nursing Concepts: Health to Illness Across the Lifespan

5 credits

Prerequisites: NUR 1020 with a grade of "C" or better, NUR 1020L, NUR 1025L with a grade of "C" or better, NUR 2140, NUR 2092 (or 2095). ~~*Pharmacology for Nurses*~~*Introduction to Pharmacological Nursing with a grade of "C" or better*

Corequisites: NUR 1034L Nursing Concepts: Health to Illness Across the Lifespan Clinical

This course is designed to further develop the concepts within the PSW nursing philosophy: health, people and nursing as a Profession. The emphasis is placed on the role of illness in biophysical and psychosocial concepts as well as the development of evidence-based nursing practice and clinical decision making. This course continues developing competence in concepts introduced in Nursing Concepts: Health and Wellness and introduces the concepts of oxygenation, perfusion, grief/loss, stress/coping, acid-base balance, digestion, elimination, metabolism, and thermoregulation. Upon completion of the course students will be able to apply the concepts to client care, individual-centered care, and quality care goals.

NUR 1034L - Nursing Concepts: Health to Illness Across the Lifespan Clinical

A_

P_

NUR 1034L - Nursing Concepts: Health to Illness Across the Lifespan Clinical

3 credits

Prerequisites: NUR 1020 with a grade of "C" or better, NUR 1020L, NUR 1025L with a grade of "C" or better, NUR 2140, ~~*Pharmacology for Nurses*~~, NUR 2092 (or 2095), Introduction to Pharmacological Nursing with a grade of "C" or better

Corequisites: NUR 1034

This course provides clinical experiences for students to explore and solidify the concepts covered in Nursing Concepts: Health and Illness. Upon completion the students will be able to provide safe and effective care for patients/clients and families in a community context.

NUR 1214L - Nursing Concepts: Health to Illness Practicum

A_

P_

NUR 1214L - Nursing Concepts: Health to Illness Practicum

1 credit

Prerequisites: NUR 1025L with a grade of "C" or better

This course reinforces nursing skills essential to the performance nursing care for clients/patients across the lifespan. These skills are practiced and demonstrated in a laboratory/simulation setting. Emphasis is placed on skills related to the care of the client/patient with variations from wellness. Upon completion of the course, students will be able to provide safe, holistic, quality nursing care to clients/patients across the lifespan with respect for cultural and spiritual diversity.

NUR 2033 - Nursing Concepts: Health Alterations Across the Lifespan

A_
P_

NUR 2033 - Nursing Concepts: Health Alterations Across the Lifespan

54 credits

*Prerequisites: NUR 1034 with a grade of "C" or better, NUR 1034L, NUR 1214L with a grade of "C" or better, NUR 2145
Pharmacological Nursing with a grade of "C" or better*

Corequisites: NUR 2033L

This course is designed further develop the concepts within the LSW nursing philosophy: health, people and nursing as a profession. Emphasis is placed on the concepts of elimination, cellular regulation, peristalsis, gas exchange, clotting, inflammation, sensory perception, stress/coping, mood/affect, cognition, self, violence, professional behaviors, caring interventions and safety. Upon completion, students should be able to provide safe nursing care incorporating the concepts identified in this course.

NUR 2033L - Nursing Concepts: Health Alterations Across the Lifespan Clinical

A_
P_

NUR 2033L - Nursing Concepts: Health Alterations Across the Lifespan Clinical

3 credits

Prerequisites: NUR 1034 with a grade of "C" or better, NUR 1034L, NUR 1214L with a grade of "C" or better, NUR 2145 Pharmacological Nursing with a grade of "C" or better

Corequisites: NUR 2033

This course provides clinical experiences for students to explore and solidify the concepts covered in Nursing Concepts: Health Alterations. Upon completion the students will be able to provide safe and effective care for patients/clients and families in a community context.

NUR 2095 - Introduction to Pharmacological Nursing *

A_

P_

NUR 2095-2092 - Introduction to Pharmacological Nursing

4-2 credits

Prerequisites: Acceptance into the ASN Program

This course focuses on the pharmacologic aspects of nursing practice. A foundation of knowledge is built in relation to pharmacokinetics, pharmacodynamics, and pharmacotherapeutics of drug therapy. The nurses' role in error prevention and patient safety during medication administration is carefully examined. Introduction to drug dosage calculation and drug preparation.

NUR 2145 - Pharmacological Nursing

A_

P_

NUR 2145 - Pharmacological Nursing

1-2 credits

Prerequisites: NUR 2095NUR 2092 (or NUR 2095), NUR 1020, NUR 1020L, NUR 1025L

This course introduces the student to the basic pharmacologic concepts and principles related to the safe administration of therapeutic agents by nurses to clients of all ages. It is designed to facilitate the students understanding of the mechanisms of drug actions and provide a safe approach to drug administration. Students learn major drug classifications and selected prototypes along with principles and techniques of safe, effective administration of drugs & other therapeutic agents, drug interactions, legal responsibilities and nursing considerations for specific drugs affecting all body systems. Including drug dosage calculation and drug preparation.

NUR 2440 – Nursing Concepts Children and Women’s Health

- A_
- P_

NUR 2440 – Nursing Concepts Children and Women’s Health

3 credits

Prerequisites: NUR 1034 with a grade of “C” or better, NUR 1034L, NUR 1214L with a grade of “C” or better

Corequisites: NUR 2440L

This course introduces concepts related to sexuality, reproduction, and growth and development of the client from neonate through adolescents. The concepts emphasized in this course are family dynamics, reproduction/sexuality, immunity, and safety.

NUR 2440L – Nursing Concepts: Children and Women’s Health Clinical

- A_
- P_

NUR 2440L – Nursing Concepts: Children and Women’s Health Clinical

2 credits

Prerequisites: NUR 1034 with a grade of “C” or better, NUR 1034L, NUR 1214L with a grade of “C” or better

Commented [JLD1]: Can we add “with a grade of C or higher” to NUR 2092, NUR 1020, and NUR 1025L here? Or will that need to be submitted to the committee for a change of course? This wording is stated in the catalog for all courses.

Corequisites: NUR 2440

This course provides clinical experiences for students to explore and solidify the concepts covered in Nursing Concepts: Children and Women's Health Concepts. Upon completion the students will be able to provide safe and effective care for patients/clients and families in a community context.

NUR 2424 Maternal Nursing Concepts

1 credit

Prerequisites: NUR 1034 with a grade of "C" or better, NUR 1034L, NUR 1214L, with a grade of "C" or better, NUR 2145 with a grade of "C" or better

Co-requisites: NUR 2033 and NUR 2033L

This course introduces concepts related to childbearing women and their families through all stages of pregnancy and childbirth, as well as care of the newborn. The concepts emphasized in this course are sexuality, reproduction, and safety.

NUR 2244 - Nursing Concepts: Families in Crisis-Complex Health Problems

A

P

NUR 2244 - Nursing Concepts: Families in Crisis-Complex Health Problems Across the Lifespan

5 credits

Prerequisites: NUR 2033 with a grade of "C" or better, NUR 2033L, (NUR 2440 with a grade of "C" or better and NUR 2440L) OR NUR 2424

Corequisites: NUR 2244L

This course is designed to further develop the concepts within FSW nursing philosophy: Health, People and nursing as a profession. Emphasis is placed on the concepts of health-wellness-illness, collaboration, managing care, safety, advocacy, legal issues, policy, healthcare systems, ethics, accountability, evidence-based practice, and complex communication concepts. Upon completion, students should be able to provide safe nursing care incorporating the concepts identified in this course.

NUR 2244L - Nursing Concepts: Families in Crisis-Complex Health Problems Clinical

A

Commented [JLD2]: Add NUR 2424
