HOW CAN FSW BEST SUPPORT YOU IN ACHIEVING YOUR GOALS?

Happy (61)

Good professors, Fsw did support me and because of FSW i was able to transfer to Smith College, You already did :), Wish me luck!

Academic (42)

Space for more students in AS Nursing Program, Radiology, Provide certificate related courses, Expand bachelor offerings (History), Offer a Master's program applicable to my life goals, offering of ground classes

Support (32)

Help with struggling students while being forced to take online courses, By helping me stay motivated and providing good tools to achieve my goals., Just by catching me slacking off or grades slipping so i dont fail, I feel like FSW does not do enough to make sure their students are on the right track and pursuing their degrees., Extend mental health services, Just check on me monthly
