Hi Sheila,

You have my permission to add that language. Thank you again for your attention to detail in everything curriculum. I will make sure this gets added to the syllabus.

Thank you!

Subject: DIG 2280C prerequisite clarification

Ryan,

When reviewing your finalized proposals after the November meeting, I found an inconsistency in the prerequisite language for DIG 2280C which you and I discussed and resolved. To make the change official, I am requesting your permission to add this statement to the December agenda as a Committee Information Item:

DIG 2280C Proposal was approved to change prerequisite from DIG 2205C to ART 2600C. Only the course changes, not the grade requirement. Proposer's intention to maintain the prerequisite language "with a C or better" was inadvertently missed in translation from Sept Memo (temporary change) to Nov Proposal (permanent change). Corrected prerequisite reads "ART 2600C with a grade of C or better."

This language already appears in Banner so no further changes by the Registrar's office are needed.

Please remember to add this language to your Syllabus before submitting to Dr. Teed / Wendie for upload to the Document Manager.

Thank you,

Sheila Seelau
