Subject: Gen Education Credit Shortfalls

Memorandum

To: Dr. Eileen DeLuca
Provost

From: Dr. Martin McClinton
Vice Provost

Date: January 11th, 2020

RE: General Education Fractional Credit Shortfalls

In Credit Review Committee, it has become the practice when a student has taken the requisite number of classes within a specific sub-area of the General Education Requirements (e.g. Speech, Core Gen Ed Science, etc.), but is short the requisite number of credits by a fractional amount less than 1 credit, that the shortfall be made up using any General Education credits that have not been applied.

Recommendation: through this Memorandum, allow the Registrar's office to apply this process without having to forward such request to the Credit Review Committee.

Subject: RE: Clarification Needed

It applies to Gen Ed for AS and BS/BAS degrees too: if the student has the required class but is short a fractional credit, the credit can be made up using other gen ed classes from any area.

Subject: Clarification Needed

Dr. McClinton,

We are unsure if the attached memo can be applied to the Gen Ed area for an AS degree. Please review and let us know your thoughts. We have a student with a shortfall in the Gen Ed of the AS Nursing program (of course).
