+ E. Additional Course Learning Objectives or Outcomes (Section IV-C)

Jenny Patterson

+ B. General Education Integral Competencies and supporting Course Learning Outcomes (Section IV-A-1)

- A. Topic Outline (Section III)
- B. General Education Integral Competencies and supporting Course Learning Outcomes (Section IV-A-1)
- C. General Education Supplementary Competencies and supporting Course Learning Outcomes (Section IV-A-2)
- D. State language for General Education Core courses (Section IV-B)
- E. Additional Course Learning Objectives or Outcomes (Section IV-C)

Justification for all proposed changes*

After review of the definitions/explanations of the General Education Competencies, it was determined by the faculty (Dr. Timothy Lucas, Dr. Jennifer Patterson, and Dr. Dolores Batiato) that the General Education Competency, Engage, is more appropriately aligned with the course outcomes.

After review of the previous course learning outcome, it was determined that ~~revisions~~ updates should include ~~revising~~ revisions of the previous course learning outcome and ~~including~~ the inclusion of additional course learning outcomes.

The change of the General Education Competency to Engage is needed to better align the General Education Competency with the course learning outcomes. Students benefit from the application of the General Education Competency to "Engage meanings of active citizenship in one's community, nation, and the world".

Previously, there was only one Course Learning Outcome. The faculty, Dr. Jennifer Patterson, Dr. Timothy Lucas, and Dr. Dolores Batiato, determined that ~~students~~ inclusion of additional learning outcomes would benefit ~~from~~ students by helping to ensure that the concepts of entrepreneurship are introduced, along with the ~~inclusion~~ introduction of ~~additional~~ marketing research skills. In addition, the proposed new course learning outcomes are designed to ensure the study of the evolution of entrepreneurship, along with current and relevant practices and procedures associated with the contemporary workforce and entrepreneurship. Finally, an emphasis on research has been added. The students will benefit from the study of current practices associated with entrepreneurship, and from the development of marketing research skills.

A. Change Topic Outline

N/A

B. Change Integral GE Course Competencies and/or supporting Course Learning Outcomes

Revise Integral General Education Competency:

From Analyze

To: Engage

The change to the supporting Course Learning Outcome includes:

From: Analyze and apply basic entrepreneur-related concepts and interpret the role of entrepreneurship in economic development and social change.

To: Evaluate the ethical dimensions of entrepreneurship along with the impact of the entrepreneurial venture on society.

C. Change Supplemental GE Competencies and/or supporting Course Learning Outcomes

No supplemental General Education Competencies are used for the course.

There is no change to the supplemental General Education Competency and/or supporting Course Learning Outcomes.

D. Changes to IV. B. State General Education Core Course language

N/A

E. Change Additional Course Learning Outcomes

This is Section IV B on the ENT 2000 syllabus.

There were no previous Additional Course Learning Outcomes.

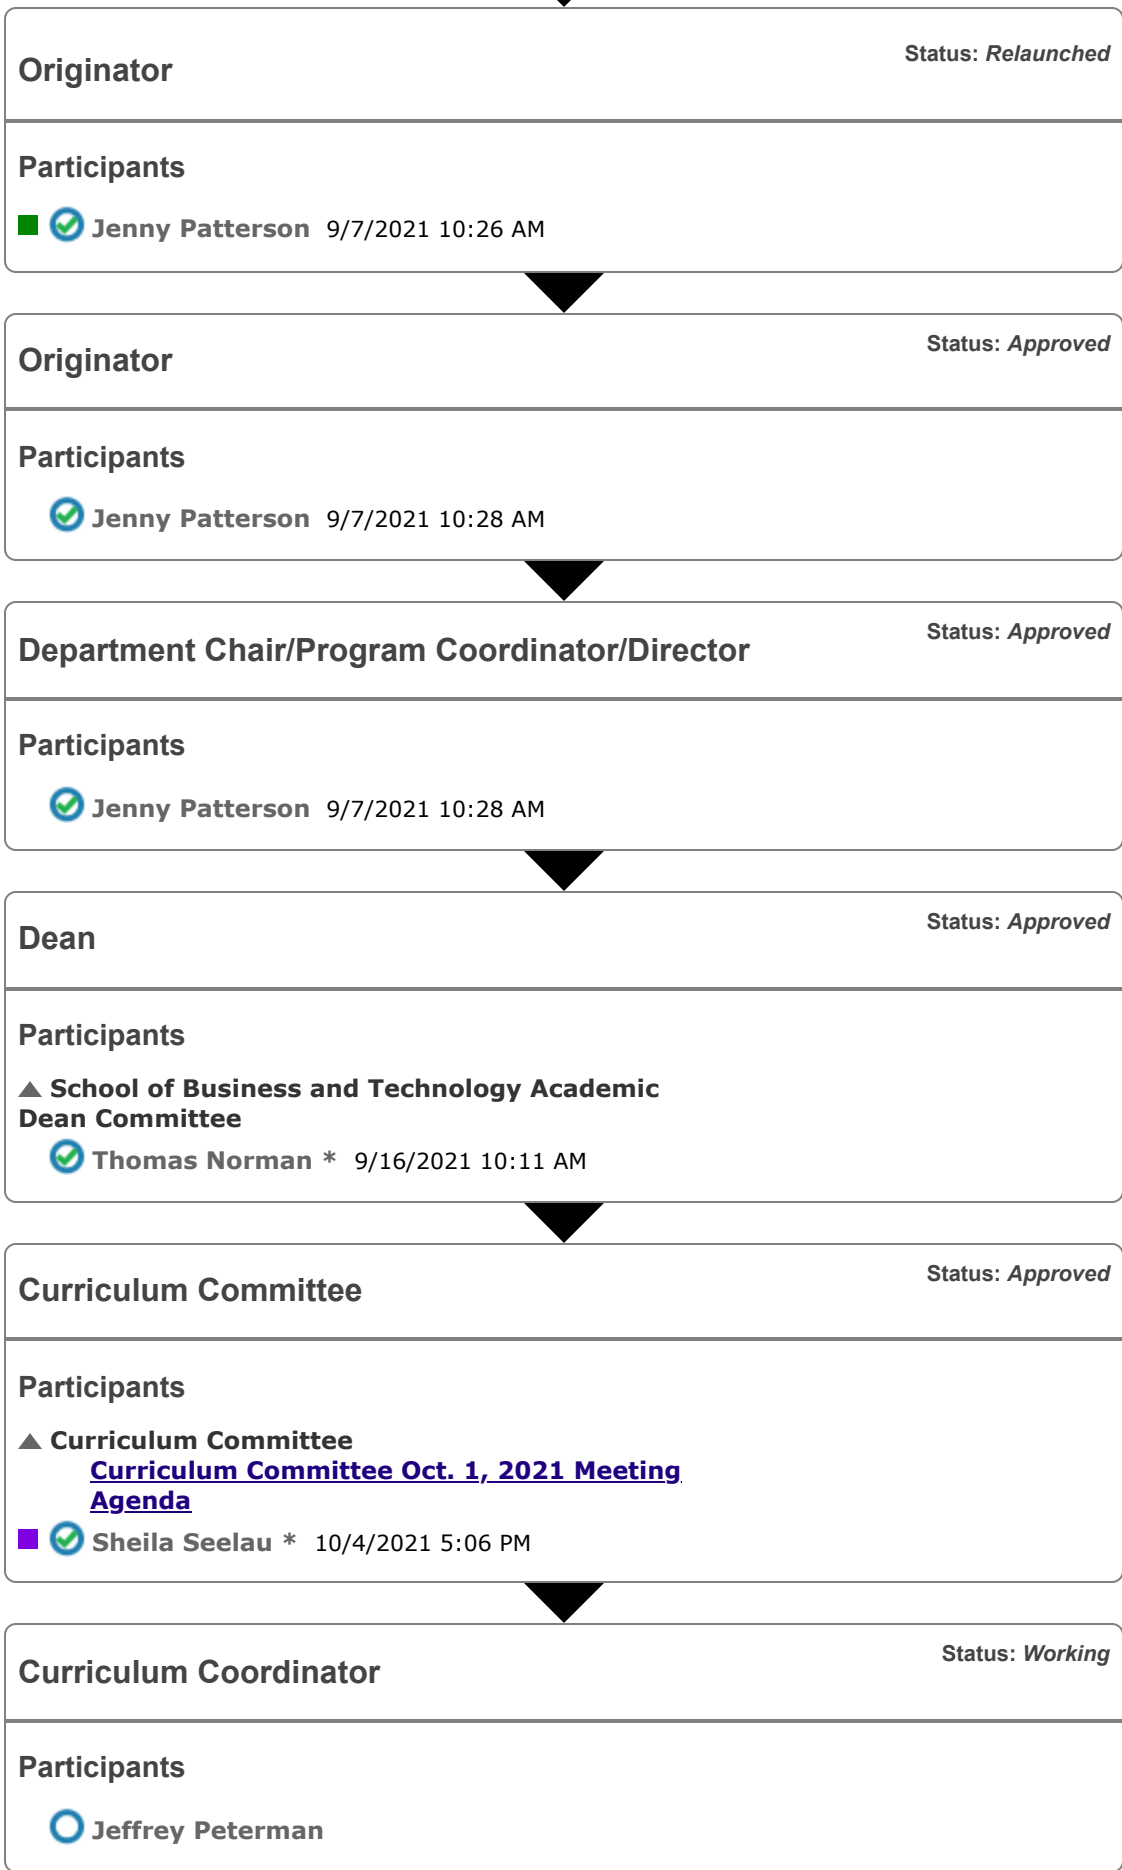

Additional Course Learning Outcomes will be used. Those Learning Outcomes include:

Other Course Objectives/Standards

- **Investigate the different forms of business.**
- **Examine the history and evolution of entrepreneurship.**
- **Investigate causes of failure in unsuccessful entrepreneurial ventures.**
- **Analyze possible entrepreneurial opportunities using contemporary marketing research.**

Topic outline is written in the form of Course Learning Objectives/Outcomes (CLOs) with "action terms" that students should be able to do upon course completion. As such, these may be copied into appropriate areas in Syllabus Section IV as well, so the full set of CLOs are reflected in that section.
