**Job Title: Director, Online Teaching and Learning Experience**      **Pay Grade: Administrator**

**Job Code: 3993**      **FLSA Status: Exempt**

## **Job Purpose**

The Director, Online Teaching and Learning Experience provides leadership, innovation, and accountability in online teaching and learning. This position engages in quantitative and qualitative research to identify high impact teaching strategies and technology tools that promote student success and support student development in online. This position is responsible for creating, developing, and coordinating research-based professional development programming that fosters inclusive online teaching and learning practices. This position is also responsible for developing, designing and maintaining internal publications and specialty reports related to online teaching and learning; providing comprehensive data analyses to allow for strategic planning and informed decision making; and collaborating across College departments, divisions and academic units to achieve a cohesive understanding of the online student and faculty experience. The Director must adhere to policies that outline acceptable use of data, maintenance of FERPA regulations, other policies associated with student privacy, and guidelines for ethical use of learning analytics. This is an administrator on annual contract position.

## **General Responsibilities**

### **Essential Functions**

Monitors, analyzes and assesses retention metrics, student-success rates, and other available data to inform continuous improvement plans for online student success. Consults and collaborates with the Office of Institutional Research, Assessment, and Effectiveness to ensure consistency and comparability of courses and outcomes across online instructional modalities.

In collaboration with the AVP, Online Learning, initiates research projects, develops grant proposals, designs and conducts research studies, writes manuscripts and submits findings for publication.

Supervises staff and/or student employees and provides leadership and guidance for faculty coordinators that support online learning.

Conducts needs assessments, develops related professional development opportunities, evaluates the impact on instructional practice and student learning, and develops improvement plans.

Contributes to the implementation of technology-rich professional development that promotes inclusivity, techquity, and digital-age best practices in teaching, learning, and assessment.

## DIRECTOR, ONLINE TEACHING AND LEARNING EXPERIENCE

Coordinates professional development that models design and implementation of technology enhanced learning experiences.

Ensures that the College mission to inspire learning and prepare a diverse population for creative and responsible participation in a global society is supported and carried out in online instruction.

Seeks student, faculty, and staff feedback and measures the impact and effectiveness of the strategies implemented.

Evaluates the results of professional development to determine effectiveness in the areas of deepening content knowledge, improved pedagogical skills, and increasing student learning.

Creates and manages an annual FSW Online Fact Book that presents a graphically rich overview of FSW's online programs and courses, student and faculty achievements, online course quality indicators and other meaningful data. Collaborates with FSW's Marketing and Media department to ensure consistent branding, compliance with College policies, and distribution.

Oversees internal publications and specialty reports related to online learning, which may include weekly, monthly, annual, and/or special project status reporting.

Ensures ethical use of data, preserves data integrity and qualifies data as necessary to ensure credibility of all results that are presented. Upholds security and privacy requirements as outlined in College policy and as defined by statute.

Extracts, combines, manipulates and analyzes data sets from multiple systems to identify trends in teaching modalities.

Uses quantitative and qualitative data analysis software such as SPSS or NVivo to produce aggregate data for dissemination.

Facilitates the creation of numeric and graphic displays for succinct and meaningful consumption.

Engages in professional development, professional organizations, and research focused on emerging education technology trends and methods, and the data research that informs their efficacy in instruction and student learning to remain current in a rapidly evolving industry.

Manages special projects and other duties as assigned.

These essential job functions are not to be construed as a complete statement of all duties performed; employees will be required to perform other job related duties as required. An employee with a disability is encouraged to contact the Human Resources Office to evaluate the job in greater detail in order to determine if she/he can safely perform the essential functions of this job with or without reasonable accommodation.
