4. **Number of exams offered in each NUR course** (Sarah)

I just need to know how many per course. It helps me with advising to know how many they have left. I understand that with the new curriculum some now have 4 and I just want to make sure I know which ones are doing what.

5. **Tutor.com** (Sarah)

There are a list of topics (below) available to our students with tutor.com and I need your expert help to identify which of these topics go with our courses. Some may not go with any but again, this just helps me with advising to know how to refer them appropriately for resources.
