Facilitates permit review and inspection services through a third party building official hired by the College. Oversees code compliance, document review, permitting, construction inspection process and occupancy certification in accordance with building program policies and procedures, statutes and codes, as well as documentation and reporting of non-conforming practice that are observed in accordance with the Florida Building Code and related codes.

Observes and reviews work in progress on all construction project sites coordination that activities of the contractor and other personnel associated with the project.

Advises the Assistant Vice President, Capital Projects, Facility Planning and Maintenance on technical matters involved in the construction projects and provides reference sources, when needed.

DIRECTOR, CONSTRUCTION MANAGEMENT

Assists Project Managers to direct, schedule, and oversee external contractors (electricians, plumbers, excavators, roofers, painters, landscapers, etc.).

Assists the Director of Facilities Maintenance to develop and implement preventative maintenance and renovation programs for buildings, grounds, mechanical and electrical, utility, and safety and security systems.

Interfaces with the campus plant operations Supervisors and Coordinators College-wide, along with appropriate departmental personnel, on a regular basis to review construction maintenance concerns. Assists in establishing project specifications and drawings for minor construction projects.

Prepares specifications for physical plant projects; estimates costs of equipment, materials, labor, and supplies; prepares bid specifications for projects, equipment, and contracted services; oversees site and building projects performed by outside contractors.

Assists the Director of Facilities Planning and Space Management and Director of Facilities Maintenance in strategic planning by evaluating and projecting future facility needs and proposing options to achieve them.

Advises College administration on funding needs to adequately maintain the physical facilities of the institution, and assists the administration in the allocation of fiscal resources for various capital improvement and maintenance projects on campus.

Develops and presents to administration the background and rationale for vendor selection, procurement options and budget requests.

Serves as point of contact to staff, departments, and the campus community on issues of construction management.

Establishes and continuously assesses the effectiveness of the internal controls within the unit and compliance with College policies and procedures.

Provides oversight to College Project Managers; oversees Project Manager's coordination of outside architects and engineers responsible for College construction programs. Collaborates with external sources and contractors to ensure that all construction projects are completed on time and within budget parameters.

Collaborates with other College departments and the Office of Financial Planning on the design, bid, construction, and remodeling of College facilities ensuring department and student needs are met.

Assists in securing qualified consultants for the planning and supervision of certain highly specialized facilities and infrastructure projects.

Develops annual budget recommendations and administers the approved budget for the new construction, building additions and remodeling projects for the College. Provides fiscal oversight on construction projects, reviews contracts, change orders, and payment applications.

DIRECTOR, CONSTRUCTION MANAGEMENT

Negotiates contracts with architectural/engineering firms and general contractors for the design and construction of large-scale construction & renovation projects. Develops, negotiates and administers standard contracts for services.

Develops and maintains internal standards for facilities; collaborates with the Director of Facilities Planning on standards of furnishings, fixtures, and equipment.

Collaborates with the Director of Facilities Planning to resolve issues related to infrastructure capacity such as parking, transportation and utilities; develops future plans for such capacity.

Collaborates with the Director of Facilities Planning on the College's Master Plan and Capital Improvement Program (CIP). Assists with the establishment and submission of all capital outlay project priority items.

Assists in planning and implementation of the College's environmental stewardship efforts, including reduction in the use of energy and potable water, increases in recycling, the use of renewable energy and recycled products. Promotes the integration of these efforts into the College's operations.

Coordinates with regulatory authorities and city and state advisory committees regarding issues such as land use, building code/safety issues, accessibility issues, historic landmark requirements, and others.

Ensures compliance with applicable local, state and federal regulations as it pertains to facility compliance and building codes.

Serves as liaison between the College and the Florida Department of Education in facilities matters; and between the College and local government's planning and engineering development agencies.

Provides and maintains cellular telephone and high-speed internet technology services, which allows immediate accessibility to the College through text and voice messages by cellular phone, and responds as needed.

Performs other duties as assigned.

These essential job functions are not to be construed as a complete statement of all duties performed; employees will be required to perform other job-related duties as required. An employee with a disability is encouraged to contact the Human Resources Office to evaluate the job in greater detail in order to determine if she/he can perform the essential functions of this job with or without reasonable accommodation.
