

Classification Description

Job Title: Assistant Vice President, Capital Projects, Facility Planning and Maintenance **Pay Grade: Administrator**

Job Code: 4092 **FLSA Status: Exempt**

Job Purpose

The Assistant Vice President, Capital Projects, Facility Planning and Maintenance provides professional direction and strategic leadership to a comprehensive facilities management organization responsible for the maintenance, operations, planning and construction of the College's physical assets, grounds, and the campus infrastructure; assists in the planning and management of the College's capital renewal and replacement budgets as they relate to the support of plant maintenance and improvements; works collaboratively with all units within the College to develop a high quality, fully functional physical plant that is safe, clean, well maintained and conducive to meeting the needs of students, faculty, staff and the community for a dynamic academic environment. This is a College Administrator on annual contract position.

General Responsibilities

Essential Functions

Directs, supervises, and evaluates department staff; ensures staff receives training related to specific job tasks and responsibilities.

Directs, schedules, and oversees external contractors (electricians, plumbers, excavators, roofers, painters, landscapers, etc.).

Schedules and supervises maintenance workers, including contract employees, engaged in building and grounds upkeep and repair; responsible for safety and security, electrical, plumbing, heating, air conditioning, and ventilation services.

Develops, implements, and supervises preventative maintenance and renovation programs for buildings, grounds, mechanical and electrical, utility, and safety and security systems.

Manages custodial contract for custodial services to College buildings and premises.

Prepares specifications for physical plant projects; estimates costs of equipment, materials, labor, and supplies; prepares bid specifications for projects, equipment, and contracted services; oversees site and building projects performed by outside contractors.

ASSISTANT VICE PRESIDENT, CAPITAL PROJECTS, FACILITY PLANNING AND MAINTENANCE

Develops specifications for cost-effective campus energy management systems; supervises the operations, maintenance and repair of such systems.

Contributes to strategic planning by evaluating and projecting future facility needs and proposing options to achieve them.

Advises College administration on funding needs to adequately maintain the physical facilities of the institution, and assists the administration in the allocation of fiscal resources for various capital improvement and maintenance projects on campus.

Develops and presents to Administration the background and rationale for vendor selection, procurement options and budget requests.

Serves as point of contact to staff, departments, and the campus community on issues of facility planning and construction.

Establishes and continuously assesses the effectiveness of the internal controls within the unit and compliance with College policies and procedures.

Provides oversight to College Construction Manager/Building Code Official as construction project manager; oversees Construction Manager's coordination of outside architects and engineers responsible for College construction programs. Collaborates with external sources and contractors to ensure that all construction projects are completed on time and within budget parameters.

Collaborates with other College departments and the Office of Financial Planning on the design, bid, construction and remodeling of College facilities insuring department and student needs are met.

Assists in securing qualified consultants for the planning and supervision of certain highly specialized facilities and infrastructure projects.

Develops annual budget recommendations and administers the approved budget for the department. Provides fiscal oversight on construction projects, reviews contracts, change orders and payment applications.

Negotiates contracts with architectural/engineering firms and general contractors for the design and construction of large-scale construction & renovation projects. Develops, negotiates and administers standard contracts for services.

Develops and maintains internal standards for facilities; collaborates with the Office of Financial Planning on standards of furnishings, fixtures, and equipment.

Resolves issues related to infrastructure capacity such as parking, transportation and utilities; develops future plans for such capacity.

ASSISTANT VICE PRESIDENT, CAPITAL PROJECTS, FACILITY PLANNING AND MAINTENANCE

Collaborates with the Office of Financial Planning on the College's Master Plan and Capital Improvement Program (CIP). Assists with the establishment and submission of all capital outlay project priority items.

Guides planning and implementation of the College's environmental stewardship efforts, including reduction in the use of energy and potable water, increases in recycling, the use of renewable energy and recycled products. Promotes the integration of these efforts into the College's operations.

Coordinates with regulatory authorities and city and state advisory committees regarding issues such as land use, building code/safety issues, accessibility issues, historic landmark requirements, and others.

Ensures compliance with applicable local, state and federal regulations as it pertains to facility compliance and building codes.

Serves as liaison between the College and the Florida Department of Education in facilities matters; and between the College and local government's planning and engineering development agencies.

Provides and maintains cellular telephone and high-speed internet technology services, which allows immediate accessibility to the College through text and voice messages by cellular phone, and responds as needed.

Performs other duties as assigned.

These essential job functions are not to be construed as a complete statement of all duties performed; employees will be required to perform other job-related duties as required. An employee with a disability is encouraged to contact the Human Resources Office to evaluate the job in greater detail in order to determine if she/he can perform the essential functions of this job with or without reasonable accommodation.
