Attached files include:

LAC Meeting Minutes 10-04-24

- Please consider writing an article for DataVersed.
- During this month's meeting, we would like everyone to share best practices for data collection.

Remembering the LAC Mission (purpose):

Learning Assessment Committee Mission

Florida SouthWestern State College's Learning Assessment Committee is dedicated to sustaining excellent academic programs and learning environments. We are also committed to mission-based, comprehensive, and data-driven assessment for the purpose of continuous institutional improvement and effectiveness through general education, program, and course level assessment. The work of the committee ensures that this statement of commitment to assessing institutional effectiveness is exemplified through the support, encouragement, and innovation of learning assessments in our classrooms.

The Learning Assessment Committee is committed to:

Making formal recommendations on the best practices for developing and refining assessments, data collection, assessing results, and making changes to promote student success in academic disciplines.

Working with the Division of Teaching Innovation, Professional Development Committee, and Online Learning to develop training for all faculty in implementing assessment strategies, developing and using rubrics, and making course modifications.
