SPAS Updates – Fall Start 2025!

Thank you all!

- Simple Syllabus – locked for editing, Express locks next
- BibliU – Labster, code issues?
- Attendance Verification (online form)

SPAS Updates – Planning for Spring!

Spring Schedule

- **Due to Schedulers Sept 23rd**
- *I have been dappling in Banner – lots of errors right now – Expect email on Monday with DRAFT schedules*
- Check all of the following & finaliaze with Gus:
 - Courses by campus
 - **Sections by Modality (ground / live online / online / blended / flex)**
 - Day / Times / **Rooms**

Spring Textbook Adoptions

- **Due to Andy Sept 15th**
- Spring will most likely roll from fall – but now is the time to form textbook committees if there will be a change for Fall 2026 – due in March.
- One book per course per campus!
- *I am asking you to think through implications for fellow instructors and for your students when choosing both textbook AND **format!***

Policy Updates

State Updates

Math Pathways

- Can't have one Core Class as the Prerequisite for another Core Class – we have updated the pre-req to reflect options.
- State planning a HS math class with a final test that will count for MAC 1105

From VP Offices

Revised Language

MAC 1105 College Algebra

- Prerequisites: Testing, or (MAT 0057 with a grade of "A"), or MAT 1033 with a grade of "C" or better, or any other college-level math class with a grade of "B" or better.

STA 2023 Statistical Methods I

- Prerequisites: (Demonstration of readiness for college-level computation AND high school statistics course with a "B" or better), or any college-level math class with a grade of "C" or better.

MGF 1130 Mathematical Thinking and MGF 1131 Mathematics in Context

- Prerequisites: Demonstration of readiness for college-level computation, or MAT 0018 with a "C" or better, or MAT 0057 with a "C" or better, or MAT 1100 with a "C" or better, or any college-level math class with a grade of "C" or better.

Policy Updates

New Password Requirements

- Best practices from CIS (Center for Internet Security) and NIST (National Institute of Standards and Technology) recommend passwords with a minimum of 12-16 characters with **complexity rules and recommend using paraphrases**, which are longer than words but can be easier to remember. In addition, password expirations are being phased out, unless an account has been compromised.
- **The new FSW password will be required to have a minimum of 14 characters, up from 8, and the same complexity rules will apply (uppercase, lowercase, number, and special character).**
- The new requirements will go into effect with your next password expiration after 9/1/25. However, you are welcome to change your password at any time using the password reset tool in the myFSW portal.
- Currently, your password expires every 60 days. With these new requirements, there is some good news, **your password will now need to be changed every 6 months** versus the 60 days.

AI options are growing

- Zoom AI Summary
- Claude, Otter, Sana, CoPilot -- Boodle Box for faculty
- We are still learning – as are our students

Earn Your AI-Ready Professional Badge

- We've taken our signature training to a new level and invite you to take the whole series or any session. The sessions will review what was covered last academic year with some updates and bonus materials. FSW employees who complete the entire series are eligible to earn the AI-Ready Professional Badge we've developed for the business community at no cost.
- To complete the series, sign up for each of the sessions in the [AI Upskilling Canvas](#) course under the Module Earn Your AI-Ready Professional Badge. You are welcome to attend live or watch the recording, which will be posted in Canvas. At the end of the sessions, complete a six-question quiz to earn your badge.
- While you're in the Canvas course, check out the glow up! We've added new presentations and bonus materials. You can also sign up for other AI-related offerings, including a monthly AI professional Users Meet Up and some collaborative problem-solving sprints. [AI Upskilling Canvas](#)

Registration Forms

The Office of the Registrar has been working with IT to move many forms to an online, webform-format. In line with this, all academic petitions have made the transition.

I invite you to visit www.fsw.edu/registrar/forms and scroll to the Petitions area. You will notice this area includes some overall information about petitions, but it points students to the online TDX petition forms.

To view how the academic petitions are laid out and how they are made available to students, visit: www.fsw.edu/Helpdesk

Select "Services"

Select "Registrar"

Select "Students: Petitions – Exceptions to Academic Policy"

For Re-instatement or other forms, send them to Andy

What does this mean for you?
- That there is a new way to
"sign" late drop/withdrawal form

Your last date of attendance (LDA) in the course being petitioned.

- To obtain this date, you must email your professor and request that they provide you with your LDA. [Click here for a sample email template](#). After you obtain your LDA from your professor, save the entire email communication as a PDF. You must attach the email communication as a PDF in a later section of this form.

Dear Professor Smith,

I am petitioning for a Late Drop or Late Withdraw of your course, ENC 1101, English Composition I. In line with this, could you please reply with my Last Date of Attendance (LDA)?

Thank you,
Sam Student
