

Classification Description

Job Title: Instructional Designer II

Pay Grade: TC040

Job Code: T034

FLSA Status: Exempt*

Job Purpose

The Instructional Designer II position performs professional work within the Office of Information Technology and operates within FSW's Learning Technologies Department. This position collaborates with faculty and subject matter experts to design and facilitate the development of high-quality instructional materials for academic, continuing professional education (CPE), and department training courses delivered in the Canvas Learning Management System (LMS). The Instructional Designer II applies research-based pedagogical principles and learning technologies to transform content provided by subject matter experts into engaging course structures, learning materials, learning activities, and assessments that support faculty, staff, and students.

General Responsibilities

Essential Functions

General

In collaboration with the Director of Learning Technologies, serves as a liaison to each academic school regarding the development and implementation of new online courses, and is the primary contact for faculty developers.

Champions advancement in instructional design to drive student success through effective assessments, engaging learning activities, consistent navigation and support. Uses data and feedback to improve design.

Researches and recommends new technologies for use by faculty and students to improve learning.

Participates in College-wide committees, learning communities, or forums related to instructional technology and online course design.

Consults with faculty on optimal use of technologies in online/blended/campus-based learning environments.

Ensures the ADA compliance and adherence to copyright laws related to all educational materials in courses. Provides training and guidance to ensure understanding and compliance within department staff.

INSTRUCTIONAL DESIGNER II

Creates, maintains, and distributes department-approved master course templates and course development shells in the Canvas LMS, and archives course resources on division servers using established guidelines.

Designs and produces online course content including interactive elements, multimedia, original graphics, engaging activities, assignment objectives, test banks, and assessments using various educational technology tools.

Promotes instructional design best practices when working with faculty in the development of online, blended, and face-to-face courses and course materials. Recommends and implements strategies and appropriate technologies for traditional and non-traditional learners.

Uses Quality Matters (QM) standards when developing and maintaining online courses and common course templates; adheres to the Online Course Quality Assurance Plan; and conducts course quality reviews, audits, and internal reviews using the QM rubric and other established measures to provide feedback and ensure FSW's online course quality standards are met prior to course release.

Provides job-related training/mentoring/guidance to department staff, student assistants, and interns.

Remains current with instructional design related to online learning, emerging technologies, and pedagogy by participating in professional development activities.

Performs other duties as assigned.

These essential job functions are not to be construed as a complete statement of all duties performed; employees will be required to perform other job related duties as required. An employee with a disability is encouraged to contact the Human Resources Office to evaluate the job in greater detail to determine if she/he can perform the essential functions of this job with or without reasonable accommodation.

Specialized Support Area Functions – May support one or a combination of the following areas:

Quality Assurance

Implements the Online Course Quality Assurance Plan in collaboration with the Director, Learning Technologies.

Serves as FSW's Quality Matters Coordinator. Approves and manages registration of faculty and staff in Quality Matters professional development sessions. Maintains accurate records of FSW faculty and staff that hold certifications to serve in Quality Matters roles.

Manages and coordinates peer reviews of online and blended courses using the Quality Matters Course Review Management System. Identifies and recruits eligible QM course reviewers, and collaborates with faculty course developers and instructional designers throughout the application and revision process. Ensures accurate records in the QM Course Review Management System.

INSTRUCTIONAL DESIGNER II

Evaluates course review data using Quality Matters reports to ensure that FSW Online courses consistently meet expected standards.

Responsible for submitting and tracking faculty stipends related to peer reviews and Quality Matters course certification.

Knowledge, Skills and Abilities

Minimum Qualifications

Bachelor's degree from a regionally accredited institution of higher learning.

Six (6) years of full-time related professional work experience, with at least three (3) years of experience in instructional design.

Must have Quality Matters APPQMR Certification AND Quality Matters Peer Reviewer Role.

Fluent in use of the College's Learning Management System.
