

Attendance

Name	Present	Absent but contributed	Absent with prior notification	Absent without contribution or prior notification
Andrae Jones				x
Mark Savage				off?
Connie Allen			A&P C.C.	
Eleanor Bunting				x
George Manacheril	x			
Jamie Marecz			x	
Steve Nice				off?
Martin Dubetz	x			
Melissa Rizzuto				Auto Reply out of office
Robert Anderson	x			
Rona Axelrod				x
Scott Vanselow	x			
Tatiana Arzivian				x
William Dwyer				x
Jason Dudley (Dean Phetterplace)	x			

Vision for academic tech. at ESC

- All computers are running the same operating system and have the same version of Office.
 - Dean: realistic, line in the sand
 - Virtualization, phase 1 Lee campus library, Dean recommends moving it to labs if phase 1 goes well, possibly starting at LaBelle, no project plan

○

■ Dobin: hosting on the cloud

- All faculty are effectively utilizing the learning management system.

Classes on Canvas: license purchased with EOL funds, state law mandates those fees only be used for online courses, some ground courses used for testing, have to wait until next fiscal year, migration

ground training starting middle of summer, ground courses can start using Canvas but trying to wait until next spring

Integration with portal: possibly summer, absolutely for fall

Chrome officially supported by the college and is going out on new machines

Firefox is not officially supported due to ease of installing add-ons

George: instructors creating free courses not through Edison

Dobin: free Canvas courses will have problems when moving over to Edison, discourages people from doing so, they should contact Melisa to get in a training cohort

Google Docs integration with Canvas, accounts

Professional development opportunities

utilize Instructor Information Station in Canvas
