Weekly Update and New Video Series

This academic year, all Cornerstone students at all FSW Service locations will receive the Weekly Update, videos will be included as part of the Weekly Update. The first video received over 300 views. New Videos are uploaded to our YouTube and Vimeo pages. Videos include short 60-second faculty remarks, 30-second Peer Architect features, videos with various success tips (time management and Visiting your professors during office hours), as well as videos featuring different campus resources (Writing Center, Financial Aid, Library, Honors). Professor Day noted that she liked the videos, and her Peer Architects play them in class.

Campus Reports

Collier – Dr. Buckingham noted that things are going well, and the Peer Architects are settling in.

Charlotte – Professor Day noted that there are so many good GPS activities that she is rethinking accepting short 5 minute interactions as part of the GPS.

Lee – Whitney remarked that the semester is starting off well, the new Peer Architects are jumping in and becoming familiar with their new job duties.
