

Classification Description

Job Title: Clinical Associate

Pay Grade: TEMP

Job Code: 4101A

Job Purpose

This is professional, responsible work in providing instructional support and supervision to students in various settings for the School of Health Professions.

General Responsibilities

Essential Functions

Reinforces clinical skills in patient care, laboratory, and/or simulation education settings.

Ensures similar quality experiences in all clinical settings and works closely with the appropriate coordinator of clinical education.

Maintains effective and frequent communication with professors by attending course meetings as scheduled.

Performs other duties as assigned.

These essential job functions are not to be construed as a complete statement of all duties performed; employees will be required to perform other job related duties as required. An employee with a disability is encouraged to contact the Human Resources Office to evaluate the job in greater detail in order to determine if she/he can safely perform the essential functions of this job with or without reasonable accommodation.

Knowledge, Skills and Abilities

Minimum Qualifications

Associate's degree from a regionally accredited institution of higher education in the assigned discipline and documented evidence, as verified through transcripts and educational plans, of progress towards a baccalaureate degree from a regionally accredited institution of higher education.
