Section I, Important Dates and Endorsements Required

NOTE: Course and Program changes must be submitted by the dates listed on the published Curriculum Committee Calendar. Exceptions to the published submission deadlines must receive prior approval from the Provost' Office.

Term in which approved action will take place	Fall 2020	
Provide an explanation below for the requested ex	ception to the effective date.	
We are working to expedite student registration during the current pandemic. The digital arts is working to make it easier for student's to complete their certificate in a single semester. This		
requires flexibility when it comes to the prerequisite structures. Removing the prerequisite was		
already the plan for this course, but it would be	beneficial for students if it was done sooner.	

Any exceptions to the term start date requires the signatures of the Academic Dean and Provost prior to submission to the Dropbox.

Section IV, Justification for proposal

Provide justification (below) for each change on this proposed curriculum action.

This course's prerequisite was created before the primary professor in the digital arts was hired. It is an introduction course that does not require any previous knowledge. Students are treated as beginners both technically and creatively.
